# Safety Instruction Guide for Grobet USA Swiss Pattern Precision Files

## Introduction

Thank you for choosing the Grobet USA Swiss Pattern Precision Files. These highquality files are designed to assist you in various projects, ensuring precision and efficiency. This guide provides essential safety instructions to help you use these files safely and effectively.

## General Safety Guidelines

- Always read and understand the instructions before using the files.
- Keep files out of reach of children and vulnerable individuals.
- Inspect files for damage before use. Do not use damaged files.
- Use files only for their intended purpose to avoid accidents and injuries.
- Ensure your workspace is clean and welllit to prevent accidents.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using files.
- Store files in a safe place when not in use to prevent accidents.

## Specific Safety Precautions for Use

- Avoid applying excessive force while using the files; let the tool do the work.
- Use the correct file for the material you are working on to prevent damage to the file and ensure effective results.
- Be cautious of sharp edges and points on the files; handle with care to avoid cuts.
- Do not use files on materials that exceed the file's intended capabilities, as this may lead to breakage or injury.
- When working in tight spaces, ensure you have a stable grip and a secure stance to prevent slips and falls.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials and tools for your project.
- Ensure your workspace is organized and free from hazards.

### 2. Using the Files:

- Select the appropriate file based on the task (e.g., roughing, smoothing).
- Hold the file firmly by the handle, ensuring a secure grip.
- Position the file at the correct angle against the material surface.
- Apply even pressure while moving the file in a forward motion; avoid backandforth movements.
- For tight spots, use the rifflers included in your set to access difficult areas.

### 3. After Use:

- Clean the files after use to remove any debris or metal shavings.
- Store files in a protective case or designated area to prevent damage and ensure safety.

## **Disposal Instructions**

- Dispose of any damaged or worn files in accordance with local regulations.
- Recycle packaging materials when possible to minimize environmental impact.
- Do not dispose of files in regular household waste if they are sharp or hazardous.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the appropriate contact point as outlined in your local regulations.

Thank you for prioritizing safety while using Grobet USA Swiss Pattern Precision Files. By following these guidelines, you can ensure a safe and productive experience in your projects.
