## Get Precise Final Filing

GROBET FILE CO. OF AMERICA INC. VERY EXTRA NARROW SWISS PATTERN PILLAR FILES The Grobet File Co. of America Inc. Very Extra Narrow Pillar Files are precision tools meticulously crafted for gunsmiths and metalworkers who require exceptional control in fine detailing tasks. These files are indispensable for operations such as rear sight notch adjustments, extractor and ejector groove reliefs, and the final fitting of fine parts, where precision is paramount. Description and Features: These Swiss-pattern files are designed with a very extra narrow profile, measuring 9/64 inches (3.5 mm) in width and 1/16 inch (1.7 mm) in thickness, making them ideal for accessing tight spaces and performing delicate work. The #0 cut variant is engineered for rapid material removal in softer metals and is also effective for woodworking applications. Conversely, the #2 cut variant is tailored for more refined tasks, providing a smoother finish suitable for precise adjustments and fine part fitting. Specifications: Length: 4 inches (10.2 cm) Width: 9/64 inches (3.5 mm) Thickness: 1/16 inch (1.7 mm) Cut Types: #0 cut for fast removal in soft metals and wood; #2 cut for finer finishing tasks Customer Insights: Customers of the Grobet Very Extra Narrow Pillar Files commend their exceptional precision and the ability to perform intricate adjustments with ease. The availability of different cut types allows for versatility across various materials and applications. Customers particularly appreciate the durability and sharpness of these files, noting that they maintain their effectiveness over extended periods of use. Incorporating the Grobet Very Extra Narrow Pillar Files into your toolkit ensures that you have the specialized instruments necessary for meticulous metalworking and gunsmithing tasks, enhancing both the quality and precision of your work.

# Safety Instruction Guide for VERY EXTRA NARROW PILLAR FILES

## Introduction

Thank you for choosing the VERY EXTRA NARROW PILLAR FILES by Grobet File Co. of America Inc. This guide provides essential safety instructions and usage guidelines to ensure your safety and the effective use of this product. Please read this guide carefully before using the files.

## General Safety Guidelines

- Ensure that the work area is clean and welllit before using the files.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, to protect against metal shavings and sharp edges.
- Keep the files out of reach of children and vulnerable individuals to prevent accidents.
- Do not use the files for purposes other than their intended use.
- Regularly inspect the files for signs of damage or wear. Discontinue use if any defects are found.

## Specific Safety Precautions for Use

- **Handling:** Always handle the files with care. The edges are sharp and can cause cuts.
- **Cutting Direction:** Use the files in a controlled manner, moving them in the direction of the cut. Avoid applying excessive force.
- **Material Compatibility:** The #0 cut is designed for fast removal in soft metals and wood. Ensure you are using the file on compatible materials.
- **Storage:** Store the files in a safe place, preferably in a protective case, to avoid damage and injury.
- **Distraction:** Avoid distractions while using the files. Focus on the task at hand to maintain precision and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials and tools before starting.
- Ensure the workpiece is securely clamped or held in place to prevent movement.

### 2. Using the Files:

- Start with the #0 cut for rough shaping or removal of material.
- For fine adjustments, switch to the #2 cut to achieve the desired fit.
- Apply even pressure and move the file back and forth along the workpiece, ensuring to keep your hands clear of the cutting edge.

### 3. PostUse Care:

- Clean the files after use to remove any debris or residue.
- Inspect the files for any damage before storing them away.

## Disposal Instructions

- Dispose of the files in accordance with local regulations.
- If the files are damaged or no longer usable, ensure they are disposed of in a manner that prevents injury to others.
