Get Precise Final Filing

SWISS PATTERN 8" PILLAR EXTRA NARROW FILE The Grobet USA Pillar Extra Narrow Files are precision tools crafted for gunsmiths and metalworkers who demand meticulous material removal in tight or confined spaces. These files are ideal for precise fitting and finishing work on intricate firearm components or detailed metal projects. Description and Features: Designed in the Swiss pattern, these pillar extra narrow files provide flat filing with parallel width and a tapered thickness for exact control. The double-cut top and bottom surfaces ensure efficient material removal, while the safe edges protect adjacent surfaces from unintended marking during use. This makes them a dependable choice for detailed work in gunsmithing and metal modification.

Specifications: Cut Type: #00 Cut / #0 Cut / #2 Cut / #4 Cut Length: 8 inches Width: 0.180" to 0.185" (tapered) Thickness: 0.055" to 0.062" (tapered)

Edges: Safe (uncut) Pattern: Swiss Customer Insights: Customers highly regard the Grobet USA Pillar Extra Narrow Files for their precision and quality.

The safe edges are particularly appreciated for preventing damage to surrounding surfaces during intricate filing tasks. Many reviewers praise the durability of the files, noting their ability to maintain sharpness and consistent performance over extended use. Adding the Grobet USA Pillar Extra Narrow Files to your gunsmithing tools ensures efficient and precise material removal in hard-to-reach areas, supporting high-quality results in any professional or hobbyist project.

Safety Instruction Guide for EXTRA NARROW PILLAR FILES

Introduction

Thank you for choosing the EXTRA NARROW PILLAR FILES from GROBET FILE CO. OF AMERICA INC. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the file to avoid potential hazards and ensure a safe experience.

General Safety Guidelines

- Ensure that the workspace is clean and free from clutter before using the file.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, to protect against debris and sharp edges.
- Keep the file out of reach of children and vulnerable individuals to prevent accidents.
- Do not use the file for any purpose other than its intended use in gunsmithing and metalworking.
- Regularly inspect the file for any signs of damage or wear. Do not use a damaged file.
- Store the file in a safe and dry location when not in use to prevent accidental injury.

Specific Safety Precautions for Use

- Always use the file with a firm grip to maintain control and avoid slipping.
- Do not apply excessive force while filing; let the file do the work to prevent breakage and injury.
- Keep fingers and hands away from the cutting edges of the file during use.
- Use the file in a wellventilated area to avoid inhaling metal dust and debris.
- If you experience any discomfort or unusual sensations while using the file, stop immediately and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workpiece is securely clamped or held in place to prevent movement during filing.
- Select the appropriate cut of the file (#00, #0, #2, or #4) based on the required smoothness and material being filed.

2. Filing Technique:

- Hold the file with both hands, using one hand on the handle and the other on the end to guide its movement.
- Position the file at a slight angle to the workpiece for optimal cutting action.
- Apply even pressure while moving the file in a forward motion, lifting it off the workpiece on the return stroke to avoid dulling the cutting edges.

3. PostUse Care:

- Clean the file after use to remove any metal shavings or debris.
- Inspect the file for any signs of wear or damage and address any issues before the next use.

Disposal Instructions

- Dispose of the file responsibly. If it is damaged or no longer usable, consider recycling it where metal recycling services are available.

- Follow local regulations for the disposal of metal products to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the EXTRA NARROW PILLAR FILES, please refer to the contact information provided with the product packaging or visit the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the EXTRA NARROW PILLAR FILES. Thank you for prioritizing safety and responsible usage.
