

OCTAGON BARREL BEDDING TOOL - GUNLINE BARREL BEDDING TOOL, 11/16" (17.5MM)

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Making Hand Tools](#) > [Barrel Channel Cutting Tools](#)

Cuts Channel To Final Size; Saves Hours Of Hand Work

Rubber mounted, chatter-free cutters, shave out excess wood without "digging in". Leaves barrel channel smooth and ready for barrel, without gouging, rasping or final sanding. A real time and work saver. Cushioned cutter design keeps hardened steel cutter discs at correct angle to remove wood regardless of amount of pressure. A single blade can be secured to handle for final touch-up.

OCTAGON BARREL BEDDING TOOL Safety Instruction Guide

Introduction

Thank you for choosing the OCTAGON BARREL BEDDING TOOL by GUNLINE. This tool is designed for safe and efficient bedding of barrels in firearms. Please read this safety instruction guide carefully to ensure safe use and compliance with EU safety regulations.

General Safety Guidelines

- Always read and understand the instruction manual before using the tool.
- Ensure the tool is used only for its intended purpose: bedding barrels.
- Keep the tool out of reach of children and individuals who may not understand its use.
- Regularly inspect the tool for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while operating the tool.
- Be aware of your surroundings and ensure that the work area is clean and free of hazards.

Specific Safety Precautions for Use

- Do not apply excessive force while using the tool; let the tool do the work.
- Avoid using the tool near flammable materials or in environments where sparks may cause fires.
- Always ensure that the barrel and stock are securely positioned before beginning work.
- If the tool becomes stuck, stop using it immediately and assess the situation before proceeding.
- Use the cushioned cutter design properly to maintain the correct angle and avoid injury.
- Keep hands and body away from the cutter area while the tool is in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have a clean, welllit workspace.
- Gather all necessary components: the bedding tool, handle, cutters, screws, and pins.

2. Assembly:

- Secure the handle to the bedding tool according to the manufacturer's instructions.
- Attach the appropriate cutter based on the desired cut length.

3. Using the Tool:

- Position the tool over the barrel channel.
- Apply light pressure and move the tool back and forth to remove excess wood.
- Check the channel frequently to ensure it remains smooth and free of gouges.

4. Final TouchUp:

- For final touchups, you can secure a single blade to the handle.
- Carefully shave any rough edges to ensure a perfect fit for the barrel.

5. PostUse Care:

- Clean the tool after use to remove wood debris and prevent rust.

- Store the tool in a dry place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the tool in accordance with local regulations regarding electronic and mechanical waste.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the OCTAGON BARREL BEDDING TOOL, please refer to the manufacturer's website or contact the designated EU contact point for assistance.

Important Note: Always stay informed about product recalls and safety updates. You can check the EU's Safety Gate platform for the latest information on unsafe products. Report any unsafe products or accidents to the relevant authorities to help ensure consumer safety.

Thank you for prioritizing safety while using the OCTAGON BARREL BEDDING TOOL.
