

# OCTAGON BARREL BEDDING TOOL - GUNLINE BARREL BEDDING TOOL, 13/16" (20.6MM)

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Making Hand Tools](#) > [Barrel Channel Cutting Tools](#)

## Cuts Channel To Final Size; Saves Hours Of Hand Work

Rubber mounted, chatter-free cutters, shave out excess wood without "digging in". Leaves barrel channel smooth and ready for barrel, without gouging, rasping or final sanding. A real time and work saver. Cushioned cutter design keeps hardened steel cutter discs at correct angle to remove wood regardless of amount of pressure. A single blade can be secured to handle for final touch-up.

## Attributes

- Name: [GUNLINE BARREL BEDDING TOOL, 13/16" \(20.6MM\)](#)
- Manufacturer: [GUNLINE](#)
- Product no.: 364000003

# OCTAGON BARREL BEDDING TOOL Safety Instruction Guide

## Introduction

Thank you for choosing the OCTAGON BARREL BEDDING TOOL by GUNLINE. This guide provides essential safety instructions and usage information to ensure the safe and effective operation of your barrel bedding tool. Please read this manual carefully before use to understand the safety precautions and operational guidelines.

## General Safety Guidelines

- Ensure the tool is used only for its intended purpose as specified in this guide.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when operating the tool.
- Keep the tool out of reach of children and vulnerable individuals.
- Do not use the tool if you are tired, distracted, or under the influence of substances that may impair your judgment.
- Regularly inspect the tool for any signs of wear or damage. Do not use if damaged.
- Ensure a clean and dry workspace to avoid slips and falls.
- Be cautious of sharp edges and moving parts during operation.

## Specific Safety Precautions for Use

- Before using the tool, ensure that the workpiece is securely clamped or held in place.
- Always operate the tool with both hands to maintain control.
- Avoid applying excessive pressure on the tool while cutting; let the tool do the work.
- Do not attempt to modify the tool or use it for purposes other than intended.
- If the tool becomes stuck, turn it off and safely remove it from the workpiece before attempting to free it.
- Always disconnect the tool from any power source when changing cutters or performing maintenance.
- Store the tool in a dry place, and ensure it is properly secured to prevent accidental activation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials and ensure you have a clean workspace.
- Inspect the tool, ensuring it is free from defects and that all components are included.

### 2. Assembly:

- Attach the handle to the main body of the tool securely.
- Insert the desired cutter into the tool, ensuring it is locked in place.

### 3. Usage:

- Position the tool at the start of the barrel channel.
- Apply light pressure and begin cutting in a smooth, controlled motion.
- Check the progress frequently to avoid overcutting and ensure a smooth finish.
- For final touchups, secure a single blade to the handle and gently shave the surface as needed.

### 4. PostUse:

- Clean the tool after use to remove wood shavings and debris.

- Store the tool in its protective case or designated storage area.

## **Disposal Instructions**

- Dispose of the tool and any damaged components in accordance with local regulations.
- Consider recycling options for metal parts where available.
- Do not dispose of the tool in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the OCTAGON BARREL BEDDING TOOL, please refer to the manufacturer's contact information provided with the product packaging. Remember to check for any recall updates on the EU's Safety Gate platform to stay informed about product safety.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your OCTAGON BARREL BEDDING TOOL. Always prioritize safety and adhere to best practices while using the tool. Thank you for your attention, and enjoy your woodworking projects!
