

OCTAGON BARREL BEDDING TOOL - GUNLINE BARREL BEDDING TOOL, 1" (2.5CM)

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Making Hand Tools](#) > [Barrel Channel Cutting Tools](#)

Cuts Channel To Final Size; Saves Hours Of Hand Work

Rubber mounted, chatter-free cutters, shave out excess wood without "digging in". Leaves barrel channel smooth and ready for barrel, without gouging, rasping or final sanding. A real time and work saver. Cushioned cutter design keeps hardened steel cutter discs at correct angle to remove wood regardless of amount of pressure. A single blade can be secured to handle for final touch-up.

OCTAGON BARREL BEDDING TOOL SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the OCTAGON BARREL BEDDING TOOL by GUNLINE. This tool is designed to help you achieve a smooth and professional finish when bedding your barrel. To ensure your safety and the proper use of this tool, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Keep the tool out of reach of children and vulnerable individuals.
- Use the tool only for its intended purpose as described in this manual.
- Inspect the tool before each use for any signs of damage or wear.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Ensure your workspace is clean, organized, and welllit.
- Do not operate the tool while under the influence of drugs or alcohol.

Specific Safety Precautions for Use

- Ensure that the tool is securely mounted before use to prevent slipping or movement.
- Always use the tool with both hands for better control.
- Avoid applying excessive pressure; let the tool do the work.
- Do not use the tool on materials other than wood as this may cause damage.
- Keep hands and body away from the cutting area while the tool is in operation.
- Be cautious of sharp edges on the tool and cutting discs.
- If the tool becomes damaged or malfunctions, stop using it immediately and seek assistance.

Instructions for Installation and Usage

Installation

1. Ensure that the tool is clean and free from any debris.
2. Attach the handle securely to the bedding tool.
3. Select the appropriate cutter based on your project needs and attach it to the tool.

Usage

1. Position the tool in the barrel channel, ensuring it is aligned properly.
2. Start the tool and allow the rubber mounted, chatterfree cutters to shave out excess wood.
3. Maintain a steady and controlled motion, applying light pressure as needed.
4. Periodically check the cutting area to ensure smoothness and adjust your technique if necessary.
5. For final touchups, secure a single blade to the handle and gently refine the channel.

Disposal Instructions

- Dispose of the tool responsibly, following local regulations for hazardous waste.
- Remove and dispose of any cutting discs and other components separately, as they may pose a safety risk.

Contact Information for Further Support

For any inquiries or support regarding the OCTAGON BARREL BEDDING TOOL, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the OCTAGON BARREL BEDDING TOOL. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety in your woodworking projects.
