RIFLE NEGATIVE BUTTSTOCK SPACER Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE NEGATIVE BUTTSTOCK SPACER by 100 STRAIGHT PRODUCTS. This guide provides important safety information and instructions for the proper use and maintenance of the product. Please read this guide carefully to ensure safe operation and to maximize the performance of your buttstock spacer.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in this guide.
- Regularly inspect the buttstock spacer for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep out of reach of children and vulnerable individuals to prevent accidental injury.
- In case of any malfunction or if the product appears to be unsafe, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- The RIFLE NEGATIVE BUTTSTOCK SPACER is designed for adult use only. It is not suitable for children or individuals who may not understand the risks involved.
- Avoid using the spacer if it is damaged, cracked, or shows signs of excessive wear.
- Ensure that the spacer is securely attached to the stock before use to prevent accidents.
- Be cautious of the taper adjustments; improper adjustments may affect the stability and handling of the firearm.
- Always wear appropriate safety gear when handling firearms, including eye protection and hearing protection.

Instructions for Installation and Usage

1. Installation:

- Remove the existing buttstock or spacer from your firearm if applicable.
- Clean the area where the spacer will be installed to ensure a secure fit.
- Align the RIFLE NEGATIVE BUTTSTOCK SPACER with the stock, ensuring that the slotted holes align with the mounting points.
- Secure the spacer using the appropriate screws or fasteners. Ensure they are tightened to the manufacturer's specifications.
- Check that the spacer is firmly attached and does not move.

2. Adjustments:

- The spacer allows for both positive and negative adjustments in stock pitch.
- To adjust the length of pull, loosen the screws slightly, reposition the spacer as needed, and retighten the screws.
- Refer to the taper specifications:
 - Tapers range from $\frac{1}{4}$ " (6.3mm) to $\frac{1}{16}$ " (3.1mm) positive and negative.
 - Adjustments should be made carefully to maintain proper firearm handling.

3. Usage:

- Always ensure that the firearm is unloaded before making any adjustments or installations.
- Test the stability of the spacer after installation and adjustments by gently pulling on it.
- When using the firearm, maintain proper handling and safety protocols as recommended by firearm safety guidelines.

Disposal Instructions

- Dispose of the RIFLE NEGATIVE BUTTSTOCK SPACER responsibly.
- If the product is no longer usable, check local regulations for proper disposal methods for polymer materials.
- Do not dispose of the spacer in regular household waste if it can be recycled.
- Consider returning the product to a designated recycling facility if available.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE NEGATIVE BUTTSTOCK SPACER, please consult the manufacturer's contact information found on the packaging or product documentation. It is important to reach out for assistance to ensure safety and proper use of the product.

Thank you for following these safety instructions. Your safety is our priority.
