RIFLE NEGATIVE BUTTSTOCK SPACER Safety Instruction Guide

Introduction

Thank you for purchasing the RIFLE NEGATIVE BUTTSTOCK SPACER from 100 STRAIGHT PRODUCTS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this manual.
- Regularly inspect the buttstock spacer for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any irregularities or defects, discontinue use immediately and seek assistance.
- Always follow local laws and regulations when using firearm accessories.

Specific Safety Precautions for Use

- The tapered design allows for both negative and positive adjustments. Ensure you understand how to adjust the spacer before use.
- When making adjustments, do so gradually to avoid sudden changes in stock pitch that could affect handling.
- Be cautious when sanding or finishing the product; wear appropriate protective gear such as gloves and a mask to avoid inhaling dust.
- Ensure that the spacer is securely attached to the stock before use. A loose connection may lead to accidents.
- Do not exceed the recommended length of pull adjustments to maintain safe handling and shooting posture.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools for installation, including a screwdriver and any additional tools specified by the firearm's manufacturer.
- Ensure the firearm is unloaded and pointed in a safe direction during installation.

2. Installation:

- Align the buttstock spacer with the existing stock of your firearm.
- Use the slotted holes to secure the spacer in place, ensuring a universal fit.
- Tighten the screws or fasteners evenly to avoid misalignment.

3. Adjustment:

- To adjust the length of pull, loosen the screws slightly and slide the spacer to the desired position.
- For negative adjustments, ensure the thicker end of the spacer is positioned at the toe of the stock.
- Retighten the screws securely after making adjustments.

4. Usage:

- After installation, conduct a final inspection to confirm that the spacer is secure and properly aligned.
- Use the firearm in accordance with safety guidelines and ensure that you are comfortable with the adjustments made.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE NEGATIVE BUTTSTOCK SPACER, please contact the manufacturer or your point of purchase. Ensure that you have the product details available for reference.

Important Note: This safety instruction guide is intended to provide essential information for the safe use of the RIFLE NEGATIVE BUTTSTOCK SPACER. It is the responsibility of the user to ensure compliance with all applicable laws and safety regulations. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities.
