# Safety Instruction Guide for COMBINATION WRENCHES BROWNELLS 3/4" COMBINATION WRENCH

## Introduction

Thank you for choosing the BROWNELLS 3/4" COMBINATION WRENCH. This manual provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the wrench.

## General Safety Guidelines

- Ensure the wrench is suitable for the task at hand. Using the wrong size can lead to damage or injury.
- Always inspect the wrench for any signs of damage or wear before use. Do not use if damaged.
- Keep the wrench out of reach of children to prevent accidents.
- Use the wrench only for its intended purpose as specified by the manufacturer.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the wrench.

## Specific Safety Precautions for Use

- Always use the correct size wrench for the nut or bolt to avoid stripping or damaging the fastener.
- Do not exceed the recommended torque specifications when using the wrench.
- Avoid using the wrench in wet or slippery conditions to maintain grip and control.
- Do not use extensions or cheater bars on the wrench, as this can lead to breakage and injury.
- When using the wrench, ensure that your hands and body are positioned safely away from the working area to avoid pinch points.

## Instructions for Installation and Usage

### 1. Selecting the Wrench Size:

- Choose the appropriate size wrench (5/8" or 3/4") for the task.

### 2. Using the Wrench:

- Align the wrench over the nut or bolt you wish to turn.
- Ensure a secure grip on the wrench handle.
- Turn the wrench in the appropriate direction (clockwise to tighten, counterclockwise to loosen).
- Apply steady pressure and avoid sudden jerks or movements.

### 3. After Use:

- Clean the wrench after each use to remove dirt, grease, or debris.
- Store the wrench in a dry place, preferably in a tool box or designated storage area.

## Disposal Instructions

- Dispose of the wrench responsibly. If it is damaged beyond repair, consider recycling the metal components where facilities are available.
- Do not dispose of the wrench in regular household waste if it can be recycled.

## **Contact Information for Further Support**
