

# 1911 LOW MASS HAMMER - DOUG KOENIG SHOOTING SPORTS PREMIUM HAMMER

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammers](#)

## Minimal Over-Cock Travel Speeds-Up Ignition; Pre-Cut, Pre-Polished Hooks; Speeds Installation

All-steel, "Commander-style" Premium Match and Standard concealed-carry hammers that are ready for installation with little or no fitting required. Computer-aided design removes all excess weight for fast, consistent, positive ignition without cracking or breakage. Engagement areas are surface ground to ensure proper relationship between the hooks and the pins plus, the half-cock notch will not damage your carefully prepared sear angles. Sides narrowed for slide clearance. Premium Match - model has additional lightening cuts for lower mass giving the faster lock times needed for competitive shooting.

# Safety Instruction Guide for 1911 LOW MASS HAMMER

## Introduction

Thank you for choosing the 1911 Low Mass Hammer by Doug Koenig Shooting Sports. This premium hammer is designed for reliable performance and safety in competitive shooting. This guide provides essential safety instructions, installation procedures, and disposal information to ensure your safe use of this product.

## General Safety Guidelines

- Always treat the hammer as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your fingers off the trigger until you are ready to shoot.
- Store the hammer and firearm in a secure location, out of reach of children and unauthorized users.
- Inspect the hammer and firearm regularly for any signs of damage or wear.
- Follow all local laws and regulations regarding firearm usage and modifications.

## Specific Safety Precautions for Use

- Ensure proper installation of the hammer to avoid malfunctions.
- Use only compatible models: Government, Commander, and Officers.
- Be aware of the hammer's weight differences: Premium Match 0.3 oz. (9g) and Standard 0.5 oz. (14g).
- Do not use the hammer if it shows signs of damage.
- Always wear appropriate eye and ear protection when using firearms.
- Avoid using the hammer in wet or damp conditions to reduce the risk of corrosion.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing hammer from the firearm following the manufacturer's guidelines.
- Install the new hammer by aligning it with the hammer hooks and pins.
- Confirm that the engagement areas are properly aligned and that there is no binding.
- Check that the halfcock notch is correctly positioned to avoid damaging the sear angles.
- Test the hammer movement to ensure smooth operation before reassembling the firearm.

### 2. Usage:

- Once installed, conduct a function check to ensure the hammer operates correctly.
- If any issues arise during the function check, consult a qualified gunsmith before use.
- Practice safe handling at all times, adhering to general safety guidelines.

## Disposal Instructions

- Dispose of the hammer responsibly in accordance with local regulations.
- If the hammer is damaged or no longer usable, do not throw it in regular waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the 1911 Low Mass Hammer, please contact the manufacturer directly. Ensure to have your product information ready for reference.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your 1911 Low Mass Hammer. Thank you for your attention to safety and responsible firearm usage.
