Compact, lightweight carrier provides an excellent combination of reloading speed, secure carry and dependability. Cartridges are held securely until you're ready, then release with just a twist of the knurled knob. Simple to load: turn the knob to the load position; set rounds in place; twist the knob to latch. Metal cam points move into place over the cartridge rims. To load the gun: guide the bullet noses into the cylinder, twist the knob and ammo instantly drops into place.
