High Quality To Help You Do The Best Work

WIRE GAUGE CARBON DIES The Brownells Wire Gauge Carbon Dies are essential tools for gunsmiths and firearm enthusiasts, designed to cut precise external threads on various firearm components. Made from high-quality carbon steel, these dies ensure durability and accuracy in threading operations. These dies are available in a range of wire gauge sizes, accommodating diverse threading needs. Each die features a 13/16" outer diameter, making them compatible with standard die stocks. The use of carbon steel allows for easy removal of broken die fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Outer Diameter: 13/16" Thread Sizes: Various wire gauge sizes Customer Insights: Users of the Brownells Wire Gauge Carbon Dies appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The Brownells Wire Gauge Carbon Dies are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

Safety Instruction Guide for Brownells Wire Gauge Carbon Dies

Introduction

Thank you for choosing the Brownells Wire Gauge Carbon Dies. These tools are designed for precision threading in firearms. This safety instruction guide provides essential information to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with using threading dies, including sharp edges and the risk of injury.
- Always inspect the dies for damage before use; do not use damaged products.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the dies.
- Use the dies only for their intended purpose – cutting external threads on firearm components.
- Ensure that the work area is clean and welllit to avoid accidents.
- Do not apply excessive force when using the dies to prevent breakage and injury.
- If a die breaks, carefully remove any fragments using a punch, ensuring that you are wearing protective gear.
- Store the dies in a safe, dry place when not in use to prevent damage and ensure longevity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a die stock and the appropriate Brownells Wire Gauge Carbon Die.
- Ensure that the workspace is clean and organized.

2. Installing the Die:

- Select the correct die size for your threading needs.
- Insert the die into the die stock, ensuring it is securely held in place.
- Tighten the die stock to prevent the die from moving during use.

3. Using the Die:

- Align the die with the component you wish to thread.
- Apply gentle, even pressure while turning the die stock clockwise.
- If resistance is felt, stop and check for misalignment or debris in the threads.
- Continue threading until the desired depth is achieved.

4. PostUse Care:

- Clean the die after use to remove any debris or residue.
- Store the die in its protective case or designated storage area.

Disposal Instructions

- Dispose of any broken or damaged dies in accordance with local regulations.
- Recycle materials when possible, following local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Brownells Wire Gauge Carbon Dies, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
