## High Quality To Help You Do The Best Work

WIRE GAUGE CARBON DIES The Brownells Wire Gauge Carbon Dies are essential tools for gunsmiths and firearm enthusiasts, designed to cut precise external threads on various firearm components. Made from high-quality carbon steel, these dies ensure durability and accuracy in threading operations. These dies are available in a range of wire gauge sizes, accommodating diverse threading needs. Each die features a 13/16" outer diameter, making them compatible with standard die stocks. The use of carbon steel allows for easy removal of broken die fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Outer Diameter: 13/16" Thread Sizes: Various wire gauge sizes Customer Insights: Users of the Brownells Wire Gauge Carbon Dies appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The Brownells Wire Gauge Carbon Dies are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

# Safety Instruction Guide for Brownells Wire Gauge Carbon Dies

## Introduction

Thank you for choosing the Brownells Wire Gauge Carbon Dies. These precision tools are designed for gunsmiths and firearm enthusiasts to create accurate external threads on various firearm components. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the dies for any signs of damage or wear before use.
- Keep the dies out of reach of children and vulnerable individuals.
- Follow local laws and regulations regarding the use and handling of firearms and related tools.
- In case of any malfunction or injury, report the incident to the relevant authorities.
- Stay informed about product recalls or safety alerts through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the dies.
- Ensure that the work area is clean, dry, and welllit to prevent accidents.
- Do not use excessive force when cutting threads, as this may lead to die breakage or tool failure.
- Use the dies with compatible die stocks only; improper use may cause injury or damage to the tool.
- Be cautious of sharp edges on the dies; handle with care to avoid cuts or lacerations.
- If a die becomes stuck or difficult to turn, stop using it immediately and assess the situation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is organized and free from distractions.

### 2. Installing the Die:

- Select the appropriate Brownells Wire Gauge Carbon Die for your threading needs.
- Insert the die into a compatible die stock, ensuring it is securely fastened.
- Verify that the die is aligned properly and ready for use.

### 3. Using the Die:

- Position the firearm component securely in a vise or suitable workholding device.
- Apply cutting oil to the area where threading will occur to reduce friction and heat.
- Begin threading by turning the die clockwise with steady and even pressure.
- If resistance is felt, stop and check for alignment issues or debris.

### 4. PostUse Care:

- After use, clean the dies to remove any metal shavings or cutting oil.
- Store the dies in a safe, dry place away from moisture and extreme temperatures.

- Regularly inspect the dies for wear and replace them if necessary.

## **Disposal Instructions**

- Dispose of any broken or worn dies in accordance with local waste disposal regulations.
- Do not dispose of the dies in regular household waste.
- If unsure about disposal methods, contact local waste management authorities for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownells Wire Gauge Carbon Dies, please refer to the product packaging for contact information or consult the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and effective experience with the Brownells Wire Gauge Carbon Dies. Thank you for your attention to safety and responsible use.
