## High Quality To Help You Do The Best Work

WIRE GAUGE CARBON DIES The Brownells Wire Gauge Carbon Dies are essential tools for gunsmiths and firearm enthusiasts, designed to cut precise external threads on various firearm components. Made from high-quality carbon steel, these dies ensure durability and accuracy in threading operations. These dies are available in a range of wire gauge sizes, accommodating diverse threading needs. Each die features a 13/16" outer diameter, making them compatible with standard die stocks. The use of carbon steel allows for easy removal of broken die fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Outer Diameter: 13/16" Thread Sizes: Various wire gauge sizes Customer Insights: Users of the Brownells Wire Gauge Carbon Dies appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The Brownells Wire Gauge Carbon Dies are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

# Safety Instruction Guide for Brownells Wire Gauge Carbon Dies

## Introduction

Thank you for choosing the Brownells Wire Gauge Carbon Dies. These tools are designed for precise threading on firearm components, ensuring durability and accuracy. It is important to follow safety instructions to ensure safe and effective use of the product. This guide provides essential safety information, usage instructions, and contact information for further support.

## General Safety Guidelines

- Always use the dies in accordance with the manufacturer's instructions.
- Ensure the workspace is clean and free of hazards to prevent accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the dies.
- Keep the dies out of reach of children and vulnerable individuals.
- Regularly inspect the dies for any signs of damage or wear before use.
- If a die becomes damaged, discontinue use immediately and replace it.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the die stock being used.
- Avoid applying excessive force when cutting threads to prevent breakage.
- Use a proper cutting lubricant to reduce friction and heat buildup during threading.
- Do not attempt to modify the dies or use them for purposes other than intended.
- In case of a broken die fragment, use a punch to shatter it carefully, ensuring to wear protective gear.
- Always follow local regulations and guidelines regarding the use of tools and equipment.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is welllit and organized.

### 2. Installing the Die:

- Select the appropriate Brownells Wire Gauge Carbon Die for your threading needs.
- Secure the die in the die stock, ensuring it is firmly in place.

### 3. Using the Die:

- Apply cutting lubricant to the area where threading will occur.
- Align the die with the workpiece and apply gentle pressure to start cutting.
- Turn the die clockwise while maintaining steady pressure.
- Periodically back the die out to clear any debris and apply more lubricant as needed.
- Once the desired thread depth is achieved, carefully remove the die.

### 4. PostUse Care:

- Clean the die with a suitable solvent to remove any cutting fluid and debris.
- Store the dies in a dry place, preferably in a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any broken die fragments according to local waste disposal regulations.
- Do not dispose of the dies in regular household waste if they are damaged; check for recycling options for metal tools.
- Ensure that any packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the Brownells Wire Gauge Carbon Dies, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Brownells Wire Gauge Carbon Dies. Thank you for prioritizing safety in your firearm projects.
