High Quality To Help You Do The Best Work

WIRE GAUGE CARBON TAPS The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from high-quality carbon steel, these taps ensure durability and accurate threading, making them essential for various gunsmithing applications. These taps are available in a range of wire gauge sizes, allowing for versatility in threading different components. The carbon steel construction not only provides strength but also facilitates easy removal of broken tap fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Thread Sizes: Various wire gauge sizes Customer Insights: Users of the IRWIN Industrial Tool Co. Wire Gauge Carbon Taps appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

Attributes

- Name: [IRWIN INDUSTRIAL TOOL CO. WIRE GAUGE CARBON TAPER TAP 8-40 THREADS](#)
- Manufacturer: [IRWIN INDUSTRIAL TOOL CO.](#)
- Product no.: 395840001
- Mfr. No.: 1026
- Material: Carbon Steel
- Style: Taper
- Threads: 8-40
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for WIRE GAUGE CARBON TAPS

Introduction

Thank you for choosing the WIRE GAUGE CARBON TAPS from IRWIN Industrial Tool Co. These precisionengineered tools are designed for creating or repairing internal threads in firearm components. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the WIRE GAUGE CARBON TAPS are used only for their intended purpose.
- Always inspect the taps for any damage before use. Do not use damaged tools.
- Keep the taps out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling the taps.
- Be aware of your surroundings and ensure a safe working environment when using the taps.
- Report any unsafe products or incidents to relevant authorities.

Specific Safety Precautions for Use

- **Handling:**
 - Always handle the taps with care to avoid injury.
 - Do not attempt to use the taps if you are inexperienced or unsure of how to operate them safely.
- **Threading:**
 - Ensure that the workpiece is securely clamped before threading.
 - Use cutting fluid to reduce friction and heat during the threading process.
 - Apply steady and even pressure when turning the tap; do not force it.
- **Removing Broken Fragments:**
 - If a tap breaks, use a punch to shatter the broken piece safely.
 - Wear safety gear to protect yourself from flying fragments during this process.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the WIRE GAUGE CARBON TAPS, cutting fluid, and a suitable clamping device.
- Ensure your workspace is clean and organized.

2. Setting Up:

- Securely clamp the workpiece to prevent movement during threading.
- Apply cutting fluid to the area where threading will occur.

3. Using the Tap:

- Select the appropriate wire gauge size for your application.
- Insert the tap into the predrilled hole or guide it into the workpiece.

- Turn the tap clockwise while applying gentle pressure. If resistance is felt, back off slightly to clear any debris.
- Continue threading until the desired depth is reached.

4. Finishing Up:

- Once threading is complete, carefully remove the tap by turning it counterclockwise.
- Clean the threaded area and remove any debris.

Disposal Instructions

- Dispose of any broken taps or fragments in accordance with local regulations.
- Do not dispose of metal fragments in regular waste; check with local authorities for proper disposal methods.

Contact Information for Further Support

For safety inquiries and further assistance regarding the WIRE GAUGE CARBON TAPS, please refer to the product packaging or visit the manufacturer's official website for more information.

Thank you for prioritizing safety while using IRWIN Industrial Tool Co.'s WIRE GAUGE CARBON TAPS. Your safety is important to us.
