High Quality To Help You Do The Best Work

WIRE GAUGE CARBON TAPS The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from high-quality carbon steel, these taps ensure durability and accurate threading, making them essential for various gunsmithing applications. These taps are available in a range of wire gauge sizes, allowing for versatility in threading different components. The carbon steel construction not only provides strength but also facilitates easy removal of broken tap fragments, as they can be shattered with a punch if necessary. Specifications: Material: Carbon steel Thread Sizes: Various wire gauge sizes Customer Insights: Users of the IRWIN Industrial Tool Co. Wire Gauge Carbon Taps appreciate their precision and reliability in threading tasks. The carbon steel construction not only provides durability but also facilitates easy removal of broken fragments, enhancing the overall user experience. The IRWIN Industrial Tool Co. Wire Gauge Carbon Taps are a valuable addition to any gunsmith's toolkit, offering precise threading capabilities and robust construction for reliable performance.

Attributes

- Name: [IRWIN INDUSTRIAL TOOL CO. WIRE GAUGE CARBON BOTTOM TAP 8-40 THREADS](#)
- Manufacturer: [IRWIN INDUSTRIAL TOOL CO.](#)
- Product no.: 395840003
- Mfr. No.:
- Material: Carbon Steel
- Style: Bottom
- Threads: 8-40
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for WIRE GAUGE CARBON TAPS

Introduction

Thank you for choosing the WIRE GAUGE CARBON TAPS by IRWIN INDUSTRIAL TOOL CO. These precisionengineered tools are designed for creating and repairing internal threads in firearm components. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

General Safety Guidelines

- Always read and follow the manufacturer's instructions before using the taps.
- Use the taps only for their intended purpose: creating or repairing internal threads in firearm components.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the taps.
- Keep the taps out of reach of children and unauthorized users.
- Regularly inspect the taps for signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the tap is compatible with the material and size of the threads being created or repaired.
- Use a proper tap wrench to avoid applying excessive force, which may lead to breakage.
- Do not use the taps on materials for which they are not designed, as this may result in injury or damage.
- If the tap becomes stuck, do not force it. Instead, use a punch to shatter the tap if necessary.
- Avoid using the taps in wet or damp conditions to reduce the risk of slipping.
- Always maintain a firm grip on the tap and work at a steady pace to ensure control.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the tap, tap wrench, and any required lubricants.
- Clean the area where the threading will occur to ensure proper alignment and minimize debris.

2. Using the Tap:

- Insert the tap into the tap wrench, ensuring it is securely held.
- Align the tap with the hole where the threading is to be created or repaired.
- Apply a suitable lubricant to the tap to facilitate smooth operation.
- Turn the tap slowly and steadily, applying light pressure. Stop periodically to clear any debris.

3. After Use:

- Carefully remove the tap from the hole once threading is complete.
- Clean the tap and store it in a safe, dry place to prevent damage.
- Dispose of any broken tap fragments in accordance with local regulations.

Disposal Instructions

- Dispose of any damaged or broken taps in accordance with local waste disposal regulations.
- Do not dispose of taps in regular household waste. Check with local authorities for special disposal instructions for metal products.

Contact Information for Further Support

For any questions or concerns regarding the WIRE GAUGE CARBON TAPS, please consult the product packaging for contact information or visit the manufacturer's website for additional resources.

By following these safety instructions, you can ensure the safe and effective use of the WIRE GAUGE CARBON TAPS. Thank you for your attention to safety!
