High Quality To Help You Do The Best Work

STEEL TAPS The Reiff & Nestor Company Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, plug and taper taps which are essential for threading close to the bottom of blind holes. The steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: Steel Tap Styles: Bottom Tap Plug Taper Thread Sizes Available: 8-40 10-32 3/16-32 3-56 6-40 7/32-40 1/4-28 1/4-30 1/4-22 Customer Insights: Users of the Reiff & Nestor Company Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Attributes

- Name: [REIFF & NESTOR COMPANY STEEL PLUG TAP 8-40 THREAD](#)
- Manufacturer: [REIFF & NESTOR COMPANY](#)
- Product no.: 395840102
- Mfr. No.: DWTST840P
- Material: Steel
- Style: Plug
- Threads: 8-40
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 887861082754

Safety Instruction Guide for Reiff & Nestor Company Steel Plug Tap 840 Thread

Introduction

Thank you for choosing the Reiff & Nestor Company Steel Plug Tap 840 Thread. This guide provides essential safety instructions and usage guidelines to ensure your safety while using this product. Please read and follow these instructions carefully to avoid any potential hazards.

General Safety Guidelines

- Ensure the work area is clean and welllit to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tap.
- Keep the taps out of reach of children and unauthorized users.
- Inspect the tap for any signs of damage or wear before use. Do not use if damaged.
- Store the taps in a safe and dry place when not in use to prevent rust and damage.

Specific Safety Precautions for Use

- Use the tap only for its intended purpose of creating or repairing internal threads in firearm components.
- Avoid applying excessive force when using the tap to prevent breakage or injury.
- Ensure that the tap is properly aligned with the workpiece before starting the threading process.
- Use cutting fluid to reduce friction and heat during the tapping process.
- If you experience any unusual resistance or binding, stop immediately and check for issues.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the tap, tap wrench, cutting fluid, and a clean work area.
- Ensure the workpiece is securely clamped to prevent movement during tapping.

2. Tapping Procedure:

- Apply a small amount of cutting fluid to the tip of the tap.
- Insert the tap into the tap wrench and align it with the hole to be threaded.
- Turn the tap wrench clockwise to begin threading. Apply gentle, consistent pressure.
- After a few turns, reverse the tap slightly to break the chips and allow for smooth cutting.
- Continue this process until the desired depth is reached, then carefully remove the tap.

3. PostUse:

- Clean the tap with a cloth to remove any cutting fluid and debris.
- Inspect the tap for any damage or wear after use.

Disposal Instructions

- Dispose of any damaged taps according to local regulations for metal waste.
- Do not throw taps in regular household waste. Check with local recycling centers for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local distributor.

By following these safety instructions, you can ensure a safe and effective experience while using the Reiff & Nestor Company Steel Plug Tap 840 Thread. Always prioritize safety and take necessary precautions to protect yourself and others. Thank you for your attention to these guidelines.
