

# QUICK DISCHARGE BRAKE 30 CALIBER - HOLLANDS GUNSMITHING

## QUICK DISCHARGE BRAKE 30 CALIBER 9/16-28 SS BLUED

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Three expansion chambers provide up to 45% measured reduction in felt recoil. Triple baffle, exhaust slots redirect noise and muzzle blast away from the shooter. Gives high volume shooters a quiet sounding brake that's easy to clean. Closed bottom keeps exiting gas from blowing up dirt and debris. Tapered shank for easier fitting to different barrel diameters. Adds 1-1/4" to barrel length. Comes with a thread protector.

# QUICK DISCHARGE BRAKE 30 CALIBER Safety Instruction Guide

## Introduction

Thank you for choosing the QUICK DISCHARGE BRAKE 30 CALIBER by HOLLANDS GUNSMITHING. This product is designed to enhance your shooting experience by reducing felt recoil and noise. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure the product is installed by a qualified gunsmith to avoid improper installation and potential hazards.
- Always wear appropriate safety gear, including eye protection and hearing protection, when using firearms equipped with this brake.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the brake for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications.

## Specific Safety Precautions for Use

- The QUICK DISCHARGE BRAKE is designed for use with 30 caliber firearms only. Using it with incompatible calibers may result in malfunction or injury.
- Ensure that the barrel is properly threaded and indexed before installation. Improper threading may lead to the brake detaching during use.
- Be cautious of the exit gas and debris when firing. The closed bottom design helps minimize this, but awareness is essential.
- Do not attempt to modify the brake or use it in a manner not specified in the instructions.
- If you experience excessive noise or recoil after installation, discontinue use and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the necessary tools for installation, including a proper thread tap and die set.
- Clean the barrel area where the brake will be installed to ensure a secure fit.

### 2. Threading the Barrel:

- If your barrel is not already threaded, follow the manufacturer's instructions for threading the barrel to 9/1628.
- Ensure the threading is clean and free of debris.

### 3. Installing the Brake:

- Align the brake with the threaded portion of the barrel.
- Carefully screw the brake onto the barrel, ensuring it is snug but not overly tight.
- Use a thread protector if the brake will not be used immediately.

### 4. Testing the Installation:

- Before using the firearm, visually inspect the installation to ensure the brake is secure.

- Conduct a test fire in a safe environment to evaluate the performance of the brake.

#### **5. Maintenance:**

- Clean the brake regularly to remove any carbon buildup and maintain performance.
- Inspect for any signs of wear or damage after each use.

## **Disposal Instructions**

- Dispose of the QUICK DISCHARGE BRAKE in accordance with local regulations regarding metal and firearm components.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please consult your local firearms expert or a qualified gunsmith. Ensure that you have all relevant product information available for assistance.

Thank you for prioritizing safety in your shooting activities. Enjoy your experience with the QUICK DISCHARGE BRAKE 30 CALIBER.
