

# RECOIL LUGS - HOLLANDS GUNSMITHING REMINGTON/SAVAGE

## RECOIL LUG

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Lugs](#)

### Improved Recoil Control

Double-disk ground for uniformity, provides improved accuracy by spreading recoil force over a larger area. Tapered shank won't bind within bedding. Remington is drilled for lug retaining pin (included). Factory barrels will need to have the recoil shoulder set forward.

### Attributes

- Name: [HOLLANDS GUNSMITHING REMINGTON/SAVAGE RECOIL LUG](#)

# Safety Instruction Guide for RECOIL LUGS HOLLANDS GUNSMITHING REMINGTON/SAVAGE RECOIL LUG

## Introduction

Thank you for choosing the RECOIL LUGS HOLLANDS GUNSMITHING REMINGTON/SAVAGE RECOIL LUG. This guide provides essential safety instructions and best practices for the installation and use of this product. Please read and follow these instructions carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of potential risks associated with the use of recoil lugs, including improper installation or misuse.
- Follow all manufacturer instructions and guidelines to avoid hazards.
- Check for updates on product recalls through the EU's Safety Gate platform.
- Always keep the product out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Only use the recoil lug with compatible firearms (Remington 700 and Savage 110).
- Ensure that the firearm is unloaded before installation or maintenance.
- Use appropriate safety gear, including eye protection, during installation.
- Do not exceed the recommended specifications for installation and use.
- Regularly inspect the recoil lug for signs of wear or damage before use.
- If you notice any irregularities, discontinue use and contact a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a drill and appropriate bits for installation.

### 2. Installation Steps

- Remove the factory recoil lug from the firearm if applicable.
- Check that the recoil shoulder is set forward on factory barrels.
- Position the RECOIL LUG in place, ensuring proper alignment.
- Drill the necessary holes for the lug retaining pin (included).
- Secure the recoil lug in place using the lug retaining pin.
- Ensure that the tapered shank is properly seated to avoid binding within the bedding.

### 3. PostInstallation Check

- Inspect the installation to ensure the recoil lug is securely fastened.
- Test the firearm in a controlled environment to confirm proper function.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the recoil lug becomes damaged and is no longer usable, please dispose of it responsibly to prevent environmental harm.
- Consider recycling materials where possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's website or contact your local EU-based consumer safety authority.

By following these guidelines, you can ensure the safe use of the RECOIL LUGS HOLLANDS GUNSMITHING REMINGTON/SAVAGE RECOIL LUG. Your safety is our priority. Thank you for your attention to these important instructions.
