

SEMI-AUTO PISTOL GRIPS - HOGUE RU/SL/CH FITS 1911 AUTO

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Hand-Filling, Versatile Designs In Rubber & Wood

Hand-filling grips help absorb recoil by spreading the shock over a wider area of the hand. Finger groove models for semi-autos tighten the grip upward, into the triggerguard for better recoil control. All wood grips are cut from imported, select grades of hardwood. Molded rubber grips cushion recoil. Non-slip, pebble finish. 1911 Auto checkered grips are Double Diamond pattern.

Attributes

- Name: [HOGUE RU/SL/CH FITS 1911 AUTO](#)
- Manufacturer: [HOGUE](#)

SEMI-AUTO PISTOL GRIPS HOGUE RU/SL/CH FITS

1911 AUTO Safety Instructions

Introduction

Thank you for choosing the Hogue SemiAuto Pistol Grips for your 1911 Auto. These grips are designed to enhance your shooting experience by improving grip stability and comfort. This safety instruction guide provides essential information to ensure safe use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the grips.
- Inspect the grips regularly for any signs of wear or damage. Replace if necessary.
- Keep the grips clean and free from oil or debris to maintain grip effectiveness.
- Use only compatible firearms as specified. The grips are designed to fit 1911 models, including Government and Commander.
- Store the firearm safely and securely when not in use, following all local laws and regulations.
- Be aware of your surroundings when handling firearms to prevent accidents.

Specific Safety Precautions for Use

- **Recoil Control:** The handfilling design helps absorb recoil. Ensure a proper grip to maximize control.
- **Finger Grooves:** The finger groove models are designed to enhance grip stability. Use them as intended for optimal performance.
- **Material Considerations:**
 - Rubber grips provide cushioning; however, avoid using them in extreme temperatures as they may degrade.
 - Wooden grips should be kept dry and away from excessive moisture to prevent warping.
- **Ambidextrous Safety Cut:** Ensure that the safety cut is correctly aligned with your firearm's safety mechanism.
- **Vulnerable Groups:** Keep the product out of reach of children and ensure that all users are trained in firearm safety.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grips by unscrewing the grip screws using a suitable screwdriver.
- Align the new Hogue grips to fit the firearm's frame.
- Securely attach the new grips using the provided screws. Ensure they are tightened but do not overtighten to avoid damaging the grips or firearm.

2. Usage:

- Grip the firearm firmly using the finger grooves for enhanced stability.
- Maintain a proper stance and grip technique while shooting to minimize recoil impact.
- Regularly check the grip fit and screws for tightness before use.

Disposal Instructions

- Dispose of old grips and packaging materials in accordance with local waste disposal regulations.
- If the grips are damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of grips in fire, as this may release harmful substances.

Contact Information for Further Support

For any safety inquiries, product concerns, or to report unsafe conditions, please contact the manufacturer or your local authority. Ensure that you have the product details ready for efficient assistance.

By adhering to these guidelines, you can ensure a safer and more enjoyable experience with your Hogue SemiAuto Pistol Grips. Always prioritize safety and responsible firearm handling.
