

HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLACK S&W M&P SHIELD

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLACK S&W M&P SHIELD](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000177
- Mfr. No.: 18400

HANDALL BEAVERTAIL GRIP SLEEVES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HandALL Beavertail Grip Sleeves by Hogue. This guide provides essential safety information, installation instructions, and usage tips to ensure safe and effective use of your grip sleeves. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all firearms are unloaded before installing or handling the grip sleeve.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- The grip sleeve is designed for specific polymer framed firearms. Ensure compatibility with your firearm before installation.
- Always follow the manufacturer's instructions for your firearm regarding grip and accessory use.
- Keep the grip sleeve out of reach of children and unauthorized users.
- Regularly inspect the grip sleeve for wear or damage. If any damage is observed, discontinue use immediately.

Specific Safety Precautions for Use

- The grip sleeve is designed to enhance handling and comfort. However, improper installation may affect grip and control.
- Avoid using the grip sleeve with firearms that it is not designed for, as this may lead to unsafe handling.
- Be mindful of the grip sleeve's texture. While it provides a nonslip surface, ensure your hands are dry to maintain grip.
- In case of any discomfort or irritation while using the grip sleeve, remove it immediately and consult a professional.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare the Firearm:** Ensure your firearm is completely unloaded. Remove any magazine and visually inspect the chamber.
2. **Align the Grip Sleeve:** Take the grip sleeve and align it with the frame of your firearm.
3. **Slip On the Grip Sleeve:** Carefully slide the grip sleeve over the frame of your firearm. Ensure it is positioned correctly and seated fully.
4. **Check for Fit:** Once installed, check that the sleeve is snug and that there are no gaps between the sleeve and the firearm.
5. **Test the Grip:** Hold the firearm to ensure the grip sleeve feels secure and comfortable. Adjust if necessary.

Usage Instructions

- Use the grip sleeve to enhance your grip and control of the firearm.
- The finger groove should fit naturally in your hand, providing an instinctive handling experience.
- The beavertail design offers added protection and comfort during recoil. Ensure your hand is placed correctly to benefit from this feature.

Disposal Instructions

- Dispose of the grip sleeve responsibly. If it becomes damaged or worn, do not throw it in the regular trash.
- Check local regulations for proper disposal methods of thermoplastic elastomer materials.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any questions regarding safety, installation, or compatibility, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for ensuring your safety and the safety of others while using the HandALL Beavertail Grip Sleeves. Enjoy your enhanced shooting experience!
