

# HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE FDE S&W M&P SHIELD 45

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

## Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE FDE S&W M&P SHIELD 45](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000196
- Mfr. No.: 18303
- Ambidextrous Safety Cut: Yes
- Colour: Flat Dark Earth
- Material: Rubber
- Model: Shield 45
- Style: Textured
- Surface: Textured
- Weapon type: Smith & Wesson
- Delivery weight: 0.052kg
- Shipping height: 51mm
- Shipping width: 127mm
- Shipping length: 210mm
- UPC: 743108183038

## Item details

US export classification: 0A501.y.1

# HANDALL BEAVERTAIL GRIP SLEEVES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the HandALL Beavertail Grip Sleeves by Hogue. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new grip sleeve. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure the grip sleeve is compatible with your firearm model (Smith & Wesson M&P Shield 45).
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the grip sleeve regularly for signs of wear or damage. Do not use if damaged.
- Keep the grip sleeve away from children and vulnerable individuals to prevent accidents.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Installation Precautions:

- Ensure the firearm is unloaded before installing the grip sleeve.
- Do not force the grip sleeve onto the firearm; it should fit snugly but not require excessive force.

### • Usage Precautions:

- Always maintain a proper grip on the firearm while in use.
- Do not use the firearm in wet or slippery conditions that could affect grip stability.
- Be aware of the beavertail design, which provides additional hand protection. Ensure it is correctly positioned to avoid injury.

### • Maintenance Precautions:

- Clean the grip sleeve with mild soap and water. Avoid harsh chemicals that can damage the rubber.
- Do not expose the grip sleeve to extreme temperatures or direct sunlight for prolonged periods.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the grip sleeve with the backstrap of the firearm.
- Gently slide the grip sleeve over the frame until it is fully seated in the correct position.
- Check that the finger groove aligns with your hand for optimal handling.

### 2. Usage:

- When holding the firearm, ensure your fingers are positioned in the finger groove for a secure grip.
- Use the palm swell to enhance comfort and control while aiming and firing.
- Be mindful of the beavertail design, which should rest comfortably against the back of your hand.

### 3. **PostUsage:**

- After use, inspect the grip sleeve for any signs of wear or damage.
- Store the firearm in a safe location, ensuring the grip sleeve is intact and functional.

## **Disposal Instructions**

- Dispose of the grip sleeve in accordance with local regulations for rubber products.
- Do not incinerate or expose the grip sleeve to extreme heat, as this may release harmful substances.
- If the grip sleeve is damaged beyond use, contact local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the HandALL Beavertail Grip Sleeves, please consult the manufacturer's website or contact their customer support for assistance. Ensure you have your product details ready for a more efficient response.

Thank you for prioritizing safety and compliance while using the HandALL Beavertail Grip Sleeves. Your attention to these guidelines helps ensure a safe and enjoyable experience with your firearm.
