

HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLK GLOCK 19/23/38 G1-2-5

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLK GLOCK 19/23/38 G1-2-5](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000222

HANDALL BEAVERTAIL GRIP SLEEVES Safety Instruction Guide

Introduction

Thank you for choosing the HandALL Beavertail Grip Sleeves by HOGUE. This product is designed to enhance your grip on polymerframed firearms, providing comfort and control. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure you are familiar with your firearm and its operation before using the grip sleeve.
- Always handle firearms with care and follow all safety protocols.
- Keep the grip sleeve out of reach of children and unauthorized users.
- Inspect the grip sleeve regularly for any signs of wear or damage.
- Report any unsafe product issues or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the grip sleeve if it shows signs of cracking, splitting, or hardening.
- Ensure the grip sleeve is properly installed before using the firearm.
- Avoid using the grip sleeve with firearms that it is not designed for, as this may compromise safety.
- Be aware of your hand placement to avoid injury from the firearm's slide during operation.
- Use the grip sleeve only as intended and according to the manufacturer's instructions.

Instructions for Installation and Usage

1. Installation

- Select the appropriate HandALL Beavertail Grip Sleeve for your firearm model.
- Carefully slide the grip sleeve over the frame of the firearm until it is fully seated in the correct position.
- Ensure the finger groove aligns with your fingers for optimal handling.

2. Usage

- Hold the firearm with a firm grip, utilizing the finger groove and palm swell for comfort.
- Practice using the firearm in a safe environment to become accustomed to the grip sleeve.
- After use, inspect the grip sleeve for any damage before storing the firearm.

Disposal Instructions

- Dispose of the grip sleeve in accordance with local regulations for rubber products.
- Do not incinerate the grip sleeve, as it may release harmful substances.
- If the grip sleeve is damaged, follow your local waste disposal guidelines for hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact details provided with the product packaging.
