

HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE FDE SIG SAUER P365

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE FDE SIG SAUER P365](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000230
- Mfr. No.: 18703

HANDALL BEAVERTAIL GRIP SLEEVES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HandALL Beavertail Grip Sleeves by Hogue. This product is designed to enhance the functionality and comfort of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe use, installation, and maintenance of the grip sleeves, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure that the grip sleeve is used only on compatible polymerframed firearms as specified. This will help prevent accidents and ensure optimal performance.
- **Enhanced Recalls:** Stay informed about potential product recalls. If you receive a recall notice, follow the instructions provided to return or exchange the product.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements and offers a secure shopping experience.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent misuse.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Check the EU's Safety Gate platform regularly for updates on any unsafe products.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the grip sleeve.
- Always handle your firearm in a safe manner, following all standard firearm safety rules.
- Inspect the grip sleeve for any signs of damage or wear before each use. Do not use if damaged.
- Do not exceed the intended use of the grip sleeve. It is designed specifically for certain models; using it on incompatible firearms may lead to accidents.
- Be mindful of the beavertail design during use, as it provides a higher hand placement. Ensure your grip is secure to avoid slipping.
- If you experience discomfort or difficulty in handling the firearm after installation, remove the grip sleeve and consult a professional.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Take the HandALL Beavertail Grip Sleeve and align it with the frame of your firearm.
- Slip the grip sleeve over the frame, ensuring it is seated properly. The sleeve should fit snugly without excessive force.
- Ensure that the finger groove aligns with your natural grip position for optimal handling.

2. Usage:

- Once installed, practice handling the firearm to become accustomed to the new grip.
- Maintain a firm grip on the firearm, utilizing the finger groove and palm swell for comfort and control.
- Be aware of the beavertail feature, which provides additional cushioning during recoil.

3. Maintenance:

- Regularly inspect the grip sleeve for wear or damage.
- Clean the grip sleeve with mild soap and water. Avoid harsh chemicals that may degrade the material.
- Store the firearm in a safe location, ensuring the grip sleeve remains intact and clean.

Disposal Instructions

- Dispose of the grip sleeve in accordance with local regulations. Do not dispose of it in regular household waste if there are specific disposal guidelines for thermoplastic elastomers in your area.
- If the grip sleeve is damaged beyond use, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the HandALL Beavertail Grip Sleeves, please refer to the contact information provided by your retailer or manufacturer. Ensure that you have your purchase details ready for efficient assistance.

Thank you for your attention to these safety instructions. Proper use and care of your HandALL Beavertail Grip Sleeves will enhance your shooting experience while ensuring your safety and the safety of others.
