# **Safety Instruction Guide for SEMI AUTO GRIP SCREWS HOGUE HEX GRIP SCREWS, BLUE, FITS BERETTA/TAURUS**

## **Introduction**

Thank you for choosing the SEMI AUTO GRIP SCREWS HOGUE HEX GRIP SCREWS. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your grip screws. Please read this guide carefully before installation and use.

## **General Safety Guidelines**

- Ensure that the product is suitable for your specific firearm model (Beretta or Taurus) before use.
- Always handle tools and screws with care to avoid injury.
- Keep the screws and installation tools out of reach of children.
- Inspect the screws regularly for signs of wear or damage.
- Do not use damaged screws; replace them immediately to maintain safety.

## **Specific Safety Precautions for Use**

- Use the screws only for their intended purpose as specified in this guide.
- Avoid overtightening the screws during installation, as this may strip the threads or damage the grip.
- Ensure that the screws are securely fastened before using the firearm.
- If you experience any difficulty during installation, consult a qualified gunsmith for assistance.
- Store the screws in a dry place to prevent rust and corrosion.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools: a hex wrench suitable for the hex head of the screws.
- Ensure your firearm is unloaded and pointed in a safe direction.

### **2. Installation:**

- Remove the existing grip screws from your firearm using the appropriate tool.
- Align the new HOGUE hex grip screws with the grip holes.
- Insert the screws into the holes and handtighten them initially.
- Using the hex wrench, tighten the screws evenly. Do not overtighten.
- Ensure that the grip is secure and does not move.

### **3. PostInstallation Check:**

- After installation, check that all screws are tight and the grip is stable.
- Conduct a function check of your firearm to ensure it operates correctly.

## **Disposal Instructions**

- Dispose of any old screws or packaging materials in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are damaged or contain hazardous materials. Check with local waste disposal guidelines.
