

# MOE SL-M CARBINE MIL-SPEC STOCKS - MAGPUL MOE SL-M COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The MOE SL-M Carbine Stock - Mil-Spec is a drop-in replacement buttstock for AR15/M4 Mil-Spec carbine buffer tubes. It was specifically developed for ultra-compact, PDW-style military platform requirements and for users desiring a smaller, lighter stock. Similar to the SL-K, the SL-M features a shorter and slimmer profile that is optimized for PDW-length receiver extensions. With its small, non-slip rubber butt-pad and an angled toe, the SL-M was engineered to support shoulder transitions, even while wearing body armor and modular gear. It includes a unique, ambidextrous release latch that is shielded to prevent accidental deployment and minimizes rattle on the receiver extension without requiring additional locks, levers, or springs. The 1.25" footman's loop accepts an optional M-LOK® QD Sling Mount for push-button style QD sling swivels. Made in the USA. Internal release latch feature mitigates rattle and wobble Ambidextrous shielded adjustment lever Angled toe for easy shouldering Non-slip rubber butt-pad Reinforced polymer construction 1.25" ambidextrous sling loop Accepts M-LOK QD Sling Mount for QD sling swivel capability

## Attributes

- Name: [MAGPUL MOE SL-M COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 BLACK](#)

# MOE SLM Carbine Stock Safety Instruction Guide

## Introduction

Thank you for choosing the MOE SLM Carbine Stock by MAGPUL. This product is designed for use with AR15 MilSpec carbine buffer tubes and is engineered to provide a compact and lightweight solution for military-style platforms. To ensure your safety and the safe operation of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- Always ensure the firearm is unloaded before installing or adjusting the stock.
- Use the stock only with compatible MilSpec carbine buffer tubes as specified.
- Regularly inspect the stock for any signs of damage or wear before each use.
- Do not modify or alter the stock in any way, as this may compromise safety.
- Keep the stock and firearm out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.
- Follow all local and national laws regarding firearm accessories and usage.

## Specific Safety Precautions for Use

- Ensure that the ambidextrous release latch is functioning correctly before use to prevent accidental deployment.
- When transitioning the stock between positions, do so slowly and carefully to avoid pinching or injury.
- The nonslip rubber buttpad is designed to enhance stability; however, ensure that your shoulder is properly positioned to prevent slipping.
- Be cautious when wearing body armor or modular gear, as these may affect how the stock fits and feels during use.
- When using the optional MLOK QD Sling Mount, ensure that it is securely attached and compatible with your sling.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the buffer tube by loosening the stock retention screw.
- Align the MOE SLM Carbine Stock with the buffer tube and slide it into place.
- Secure the stock by tightening the retention screw until snug. Do not overtighten.
- Test the stock's adjustment mechanism to ensure it operates smoothly.

### 2. Usage

- To adjust the length of the stock, press the ambidextrous release latch and slide the stock to the desired position.
- Ensure that the stock locks into place securely before using the firearm.
- For optimal comfort, position the rubber buttpad against your shoulder and maintain a firm grip on the firearm.
- Transition between shoulder positions as needed, ensuring that the stock remains secure throughout.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic and polymer materials.
- Do not incinerate or expose the stock to extreme heat, as this may release harmful substances.
- If the product is damaged beyond repair, consider recycling where facilities are available.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safer experience with your MOE SLM Carbine Stock. Always prioritize safety and responsible use when handling firearms and their accessories. Thank you for your attention to these important guidelines.
