

BUNGEE RETENTION KIT - SPIRITUS SYSTEMS BUNGEE RETENTION KIT - BLACK

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Revic FH1 Fluid Head is extremely compact and lightweight, combining beautiful design and ergonomic functionality. The aircraft-grade CNC machined and hard anodized aluminum components offer excellent smoothness, stability and durability. The compact size and ease of operation make it ideally suited for field work where size, weight and durability are key. The Bungee Retention Kit is a simple way to add an additional layer of retention to magazines. Simply route the shock cord through the tabs and secure the two running ends with a square knot. Sold in a set of 3.

Bungee Retention Kit Safety Instruction Guide

Introduction

Thank you for choosing the Bungee Retention Kit by Spiritus Systems. This guide provides essential safety instructions and information to ensure the safe use of the product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the Bungee Retention Kit before use for any signs of wear or damage.
- Keep the product out of reach of children to prevent accidental use or injury.
- Report any unsafe conditions or accidents involving the product to the appropriate authorities.
- Stay informed about any recall updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to failure during use.
 - Misuse of the product can cause injury to the user or others.
- **Avoiding Hazards:**
 - Always follow installation instructions carefully.
 - Do not exceed the recommended load limits of the bungee cord.
 - Ensure that all components are securely fastened before use.
- **Age Specific Warnings:**
 - This product is not suitable for children under 14 years of age without adult supervision.

Instructions for Installation and Usage

1. Installation Instructions:

- Gather all components of the Bungee Retention Kit.
- Identify the tabs on the magazines where the shock cord will be routed.
- Route the shock cord through the tabs securely.
- Tie the two running ends of the shock cord with a square knot to ensure stability.

2. Usage Instructions:

- After installation, check that the bungee cord is securely fastened.
- Use the Bungee Retention Kit to hold magazines in place during transport or field operations.
- Regularly check the condition of the bungee cord and replace it if any signs of wear or damage are observed.

Disposal Instructions

- Dispose of the Bungee Retention Kit according to local waste management regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Bungee Retention Kit, please refer to the

manufacturer's contact information available on the product packaging or the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Please use the Bungee Retention Kit responsibly and enjoy its benefits!
