

# MICRO FIGHT CHASSIS MK4 - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK4, COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chest Rig Mk4 is designed to be extremely efficient, modular, and lightweight. The Micro Fight works seamlessly with Spiritus Systems accessories suite, which offers nearly endless configurations. The Micro Fight features soft loop Velcro in both pockets to enable you to put mission essential items where you want them based on your individual needs. The improved profile allows for the use of six 5.56 x .45 style magazines or four 7.62 x .51 magazines or any combination of rifle and pistol magazines. The 5" x 9" field of hard loop Velcro on the back of the rig allows for solid integration with accessories, such as the SACK Pouch or Expander Wings. The larger Velcro field also allows a solid integration onto plate carriers, such as the LV119. In addition to the larger Velcro field, the MK 4 also allows for sub load integration of a tourniquet utilizing the two integrated grommets and our Universal Retention Kit. **Unmatched Versatility** The Micro Fight Chest Rig sports a host of accessories like no other system. The user can select from any of our accessories to meet operational requirements. The platform is lightweight and small while still allowing you to carry multiple types of munitions and equipment. Examples include rifle and pistol Magazines, 37/40mm grenades, flash-bangs, multi-tools, flashlights, medical supplies, and breaching equipment. **Stand Alone System** The Micro Fight Chest Rig was designed to perform as a stand-alone system. It can be configured for wear in low visibility environments that require minimal printing through clothing with maximum equipment storage. It can also be configured for high visibility operations where a full spectrum of equipment is required. **Placard Configuration** The Micro Fight Chest Rig was designed to work seamlessly as a "Placard" for plate carrier systems. Simply remove the 1 inch side release buckles and attach the system via the hard loop Velcro located on the back of the system to your plate carrier. This configuration allows for profile expansion or reduction as mission requirements change. **NOTE:** The CHASSIS is part of the Micro Fight Chest Rig System. This item does not include shoulder straps, back strap, half or full flaps, magazine inserts, or any other accessories. Additional components are required for proper use. If running as a stand-alone system, shoulder straps, back strap, magazine inserts, and possibly full or half flaps are needed. If running on a plate carrier, flap(s), and magazine insert(s) are needed. Some images shown with optional accessories, sold separately.

# Safety Instruction Guide for MICRO FIGHT CHASSIS MK4

## Introduction

Thank you for choosing the MICRO FIGHT CHASSIS MK4 from Spiritus Systems. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure your safety and the effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product documentation.
- Regularly inspect the Micro Fight Chassis MK4 for any signs of wear or damage. Do not use if damaged.
- Keep the product away from children unless they are under adult supervision.
- Do not overload the chassis beyond its designed capacity to prevent failure.
- Familiarize yourself with the product features and accessories before use.

## Specific Safety Precautions for Use

- Always ensure that all equipment attached to the chassis is securely fastened.
- When using in low visibility environments, be aware of your surroundings to avoid accidents.
- For high visibility operations, ensure that all equipment is properly configured to prevent entanglement or snagging.
- Use the integrated grommets and Universal Retention Kit as intended to secure items such as tourniquets.
- Avoid using the chassis in extreme weather conditions unless it is confirmed to be suitable for such environments.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure you have all necessary components, including shoulder straps, back strap, magazine inserts, and flaps if required.
2. **Attachment:**
  - For use as a placard, remove the 1inch side release buckles.
  - Attach the chassis to your plate carrier using the hard loop Velcro located on the back of the system.
3. **Adjusting Fit:** Once attached, adjust the straps to ensure a secure and comfortable fit.

### Usage

- Load the chassis with missionessential items as per your operational requirements.
- Use the soft loop Velcro in the pockets to secure items based on your needs.
- Ensure that magazines and other equipment are stored securely to avoid loss during movement.
- If using in a standalone configuration, ensure that shoulder straps and other necessary components are properly fitted.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding textile and plastic waste.
- If the product is damaged beyond repair, ensure it is recycled or disposed of safely to prevent environmental harm.

- Do not incinerate the product as it may release harmful substances.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the relevant contact points provided by your retailer or manufacturer.

By following these guidelines, you can ensure the safe and effective use of your MICRO FIGHT CHASSIS MK4. Always prioritize safety and adhere to the instructions provided in this manual. Thank you for your attention to these important safety measures.
