

ASSAULT BACK PANEL CORE - SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE , BLACK

[Home](#)

The top of the Panel features a custom double pull, separating zipper. This zipper serves three purposes. It allows the Flaps to be completely removed from the Core and swapped out. It allows communication antennas and other items such as cabling, hydration tubes, and breaching tools to be routed into and out of the top of the panel. It provides quick access to the inside of the panel without lifting the entire Flap. The Assault Panel Core also has three direction snaps to hold Flaps securely on and to keep tools held inside the panel. The Assault Panel Core features 4 external attachment zippers. These zippers allow the panel to be worn in three configurations. Configuration 1 uses the top zippers to attach the panel to the plate bag. This compresses the panel and allows the panel to be worn in a "light" configuration. This configuration of the panel is great for assaulters who want a streamlined and tight configuration and only need to carry things like a small hydration bladder, slap charges, flash bangs and GP kit on their backs. Configuration 2 uses the bottom zippers to attach the panel to the plate bag. This configuration gives the user much more capacity and configures the panel into more of a backpack. This provides the same features as Configuration 1, but with the added volume for bulky items such as radios, cold weather gear, poll less litters, etc. Configuration 3 also uses the bottom zippers to attach to the rear plate bag, but introduces the bottom expansion as well. This expansion offers the ability to carry longer tools and store even more bulky items in the expanded space. The Assault Panel Core comes standard with a permanently affixed large GP pocket on the lower half. This pocket is velcro lined for attachment of accessory items. It features a total of two tie down locations inside the pouch for securing sensitive equipment. The front of the pouch features a zippered stash pocket for organizing smaller, commonly needed items. This pocket also has a 4" x 5" Velcro Field for attaching identification patches. Behind the GP pocket is a hidden stash compartment. This is used for storing the lower half of slap charges or breach pens when they are passed through the flaps above. It can also be used to stash E&E equipment or smaller personal items. Each side of the panel features six tie down loops for securing longer items external to the panel. These loops are great for attaching Tri-Fold or Bi-Fold charges or other tall items. The bottom expansion has a G-Hook internal to the panel that allows you to secure it in place if a heavier load needs to be carried inside, but you do not want the expansion to deploy inadvertently. Fitment Guide Medium Overt Plate Bags - Fits Large Overt Plate Bags - Fits, could use an XL Adapter if you have very thick plates, and are overloading the panel. Extra Large Overt Plate Bags - Needs an XL Adapter to be compatible with the XL Plate Bags. Some images shown with optional accessories, sold separately.

Attributes

- Name: [SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE , BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)

ASSAULT BACK PANEL CORE Safety Instruction Guide

Introduction

Thank you for choosing the ASSAULT BACK PANEL CORE by SPIRITUS SYSTEMS. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure the safe and effective use of your product. Please read this guide carefully before using the panel.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the ASSAULT BACK PANEL CORE by following all instructions provided in this guide. This product is designed for tactical use and should be handled with care.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If you receive a recall notice, follow the instructions provided for a remedy.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is kept out of reach of minors.
- **EU Contact Point:** For any safety inquiries or concerns, please refer to the EU contact point as necessary.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Ensure the panel is properly secured to avoid accidental detachment during use.
 - Be cautious of sharp edges when handling the zippers and attachment points.
 - Check for wear and tear before each use. Do not use if damaged.
- **Avoiding Hazards:**
 - Always inspect the panel for any defects before use.
 - Avoid overloading the panel to prevent strain on zippers and attachment points.
 - Ensure that all items stored in the panel are secured to prevent shifting during movement.
- **AgeRelated Warnings:**
 - This product is not suitable for children. Adult supervision is recommended when used in environments where children may be present.

Instructions for Installation and Usage

1. Installation:

- **Configuration 1:** Use the top zippers to attach the panel to the plate bag for a "light" configuration. Ideal for carrying small items.
- **Configuration 2:** Use the bottom zippers to attach the panel to the plate bag for increased capacity. Suitable for carrying bulkier items.
- **Configuration 3:** Use the bottom zippers with the bottom expansion for carrying longer tools and larger items.

2. Usage:

- Ensure the panel is securely attached to the plate bag before engaging in activity.
- Regularly check the attachment points and zippers during use to ensure they remain secure.
- Utilize the external tie down loops to secure additional items as needed.

3. Storage:

- When not in use, store the panel in a dry, cool place away from direct sunlight.
- Ensure the panel is clean and free from debris before storage.

Disposal Instructions

- Dispose of the ASSAULT BACK PANEL CORE in accordance with local regulations regarding textile and plastic waste.
- If the product is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the product in regular household waste if local regulations prohibit it.

Contact Information for Further Support

For any further assistance or inquiries regarding the ASSAULT BACK PANEL CORE, please refer to the appropriate channels as indicated by your point of purchase.

Thank you for choosing SPIRITUS SYSTEMS. Your safety and satisfaction are our top priorities.
