

FANNY SACK POUCH MK3 - SPIRITUS SYSTEMS FANNY SACK POUCH MK3, BLACK

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The "Fanny SACK" bridges the gap between our popular Sub Abdominal Carry Kit and every day carry. Wear it for a full mission profile, or stash your carry gun in it while you're out on the long board. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The Fanny SACK can also be worn on the lower back and out of the way but quickly slid around the waist when needed. The pouch features a "half zip" design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. Each side has a webbing loop for attaching equipment such as gloves, carabiners or chem lights. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two internal tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The Fanny SACK is designed to be worn around your waist. Some images shown with optional accessories, sold separately.

Fanny Sack Pouch MK3 Safety Instruction Guide

Introduction

Thank you for purchasing the Fanny Sack Pouch MK3 by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this guide carefully before using the pouch.

General Safety Guidelines

- Ensure that the pouch is used only for its intended purpose.
- Regularly inspect the pouch for any signs of wear or damage.
- Do not overload the pouch beyond its capacity.
- Keep the pouch away from extreme temperatures and moisture.
- Store the pouch in a dry place when not in use.
- Always secure the zipper to prevent items from falling out.
- Be cautious when accessing equipment from the pouch, especially in confined spaces.

Specific Safety Precautions for Use

- The pouch is designed for adult use. Keep it out of reach of children.
- When wearing the pouch, ensure that it is securely fastened to avoid accidental slipping.
- If using the pouch while engaging in physical activities (e.g., longboarding), ensure that it is properly adjusted to prevent interference with movement.
- Use caution when deploying equipment from the pouch, especially if it includes sharp or hazardous items.
- If the pouch is submerged in water, ensure that all items inside are waterproof or properly secured to avoid damage.

Instructions for Installation and Usage

1. Wearing the Pouch

- Adjust the elastic loops on the bottom of the pouch to fit your needs.
- Slide the pouch around your waist and secure it comfortably.
- For lower back wear, adjust the pouch accordingly and slide it to the front when needed.

2. Accessing Equipment

- Use the "half zip" design to access items without the risk of them falling out.
- Utilize the small zippered stash pocket for easy access to small items like keys or cash.

3. Securing Equipment

- Attach items to the webbing loops on each side of the pouch for added convenience.
- Use the internal tiedown loops to secure sensitive equipment.

4. Adjusting Elastic Loops

- To adjust the tension of the elastic loops, use the slidelocks located on the pouch.
- Ensure that the loops are securely fastened to hold equipment like tourniquets.

5. Drainage

- If the pouch gets wet, the two grommet holes at the bottom will aid in drainage.
- Allow the pouch to dry completely before storing it.

Disposal Instructions

- Dispose of the pouch in accordance with local waste management regulations.
- If the pouch is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the pouch in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or support regarding the Fanny Sack Pouch MK3, please refer to the manufacturer's contact information provided with your product.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Fanny Sack Pouch MK3. Remember to regularly check for any recalls or safety updates through the EU's Safety Gate platform. Your safety and satisfaction are our top priorities. Thank you for choosing Spiritus Systems.
