The Spiritus Systems GP Tall is an oversized General-Purpose pouch designed to expand the amount of useable space on a MOLLE cummerbund, back panel, or belt system. The interior is identical in width to our Medium GP pouch but features extra depth to accommodate larger items like Nalgene water bottles, expanded medical kits, or other gear. It also features tie-down loops that keep sensitive items secured when stowed. The GP Tall Pouch features a front pocket for storing items like VS-17 panels or SSE bags. The pouch is built with extra depth to allow for the storage of Night Vision Goggles and has been test fitted with 15s, 31s, and DTNVGS successfully. The pouch is constructed out of high quality 500D Cordura nylon. The inside of the pouch is lined with Velcro and accepts our Pouch Insert Suite. The GP Tall features an integrated belt loop that does not create extra bulk when not in use. It will accommodate 2" wide belts. The MOLLE mounting systems consumes 4 columns.
