

RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover – FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - COYOTE BROWN](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101659

RAID Cover – FLUX Safety Instructions

Introduction

Thank you for choosing the RAID Cover – FLUX by Spiritus Systems. This product is designed to enhance the functionality and protection of your helmet. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** This product has been tested to ensure safe use. Always follow the guidelines provided in this manual.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized recall notices. Ensure you keep your purchase information for reference.
- **Online Shopping:** If purchased online, you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** This product is designed for adult users. Extra care should be taken when used around children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates by checking the EU Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Avoid using the RAID Cover in situations where it may become a snag hazard, especially during HELO or Airborne operations.
 - Ensure that all Velcro attachments are secure to prevent accidental detachment of accessories.
- **General Precautions:**
 - Always inspect the RAID Cover before use for any signs of wear or damage.
 - Do not use the product if it is damaged or if any components are missing.
 - Keep the product away from sharp objects to prevent tears or abrasions.

Instructions for Installation and Usage

- **Installation:**
 1. Place the RAID Cover over the helmet, ensuring it fits snugly.
 2. Secure the cover using the Velcro attachments provided.
 3. Check that all attachments are properly secured and that there are no loose ends.
- **Usage:**
 - The RAID Cover is designed for use in various environments. It allows for rapid color changes and can accommodate accessories such as strobes and identifiers.
 - Ensure that any accessories attached using Velcro do not interfere with helmet functionality.
- **Maintenance:**
 - Clean the RAID Cover as needed. Use a damp cloth and mild soap for spot cleaning.
 - Avoid machine washing or drying to prevent damage.

Disposal Instructions

- Dispose of the RAID Cover in accordance with your local regulations.
- If the product is no longer usable, consider recycling it if possible.
- Do not dispose of the product in fire or extreme heat as this may release harmful substances.

Contact Information for Further Support

For further assistance, please refer to the contact details provided by your retailer or manufacturer. They will be able to assist you with any inquiries or concerns regarding the RAID Cover – FLUX.

Thank you for your attention to these safety instructions. Your safety is our priority.
