

# RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM BLACK

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover - FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

## Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - MULTICAM BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101664
- Mfr. No.: AC-HC-FX-MB
- Colour: Multi-Cam Black
- Delivery weight: 0.063kg
- Shipping height: 25mm
- Shipping width: 229mm
- Shipping length: 184mm

# Safety Instruction Guide for RAID COVER FLUX SPIRITUS SYSTEMS

## Introduction

Thank you for choosing the RAID Cover Flux by Spiritus Systems. This product is designed to enhance the protection of your helmet while providing versatility in various operational environments. Please read this safety instruction guide carefully to ensure safe and effective use of the RAID Cover.

## General Safety Guidelines

- Product Safety:** The RAID Cover is designed to ensure safe use in various conditions. It is important to follow all safety guidelines to minimize risks.
- Enhanced Recalls:** In the event of a recall, you will be notified through standardized notices. Please ensure you register your product for recall updates.
- Online Shopping:** Ensure that you purchase the RAID Cover from authorized retailers to guarantee compliance with safety standards.
- Special Consumer Focus:** This product is not intended for use by children. Please keep it out of reach of minors.
- EU Contact Point:** For safety inquiries regarding this product, please refer to the official EU safety contact points.
- Rapid Alerts:** Stay informed about any safety alerts related to this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Inspect Before Use:** Always inspect the RAID Cover for any signs of wear or damage before each use. Do not use if damaged.
- Avoid Snag Hazards:** Do not attach any items that may create snag hazards. Use Velcro attachments as intended.
- Proper Fit:** Ensure that the RAID Cover fits securely on your helmet. A loose cover may affect performance and safety.
- Environmental Considerations:** Be aware of your surroundings and adjust the color of your helmet cover as needed for camouflage or visibility.
- Use in Appropriate Conditions:** The RAID Cover is designed for military and tactical use. Avoid using it in conditions for which it is not intended.

## Instructions for Installation and Usage

### 1. Installation:

- Remove any existing helmet covers or accessories from your helmet.
- Place the RAID Cover over your helmet, ensuring it fits snugly and follows the natural contour of the helmet.
- Secure the cover using the Velcro attachments as needed.
- Ensure that all edges are properly aligned and that there are no loose areas.

### 2. Usage:

- Use the RAID Cover to protect your helmet from abrasion and environmental elements.
- If needed, attach accessories (e.g., strobes, identifiers) using Velcro.
- Regularly check the attachment points for wear and replace if necessary.

## Disposal Instructions

- Dispose of the RAID Cover according to local regulations.
- If the cover is damaged or no longer needed, consider recycling materials if possible.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the RAID Cover, please consult your retailer or refer to official safety resources in your region.

By following these guidelines, you can ensure the safe and effective use of your RAID Cover Flux by Spiritus Systems. Thank you for prioritizing safety.
