

RAID COVER, FLUX - SPIRITUS SYSTEMS RAID COVER - FLUX - WOODLAND

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

RAID Cover – FLUX Soldiers have been covering their helmets for a long time and the concept is not new to the nylon industry. Helmet covers have many benefits that keep them relevant even as the ballistic technology of helmets evolve. Primarily, covers aid in the protection of your helmet and provide a sacrificial barrier between the elements and your lid. Most notably, they help with abrasion resistance. Additionally, helmet covers allow the end user the ability to rapidly change the color of their helmet in changing environments or to add IR Defeat properties in a cost effective manner. With so many options out there, what makes this helmet cover different? The Spiritus Systems R A I D Cover was developed with ground combat operations in mind. The market is currently filled with helmet covers that offer a ton of features, such as built in battery packs and bungee systems. Spiritus decided to go with an extremely bare bones and slick configuration instead. After a few months of testing different feature-rich designs, Spiritus decided that less is more when it comes to helmet cover design. They found that having features like bungee cords permanently attached to the helmet quickly become snag hazards that can be fatal when conducting HELO or Airborne operations. Instead, they opted for a lower profile, fitted design which matches the natural contour of the helmet. The idea is that you can attach accessories like strobes, battery packs, and identifiers with Velcro. This eliminates the snag hazard, as the velcro will separate long before an injury could be caused. The R A I D cover is built out of Solution Dyed IR DEFEAT 500D Cordura Nylon. It uses genuine VELCRO brand Hook and Loop which is also IR DEFEAT. Spiritus also reinforced the front attachment points with a rubber-impregnated material (HANK) that is extremely abrasion resistant to prevent wear on high friction points. Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS RAID COVER - FLUX - WOODLAND](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101671
- Mfr. No.: AC-HC-FX-WD
- Colour: Woodland
- Delivery weight: 0.063kg
- Shipping height: 25mm
- Shipping width: 229mm
- Shipping length: 184mm

Safety Instruction Guide for RAID Cover - FLUX

Introduction

Thank you for choosing the RAID Cover – FLUX by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure the safe use of your helmet cover. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the RAID Cover is compatible with your helmet model before use.
- Regularly inspect the RAID Cover for signs of wear or damage. Do not use if damaged.
- Keep the product out of reach of children to prevent accidents or misuse.
- Be aware of your surroundings when wearing the helmet with the cover, especially in combat or highrisk environments.
- Follow all local regulations and guidelines regarding the use of protective gear.

Specific Safety Precautions for Use

- Avoid attaching sharp or heavy accessories that may create snag hazards.
- Ensure that Velcro attachments are secure before engaging in any highmobility activities.
- Do not use the RAID Cover in conditions that exceed its design specifications (e.g., extreme temperatures, heavy rainfall).
- If the RAID Cover becomes wet, allow it to dry completely before storage to prevent mold and mildew.
- Always follow the manufacturer's recommendations for cleaning and maintenance.

Instructions for Installation and Usage

1. Installation:

- Remove any existing helmet covers or accessories from your helmet.
- Align the RAID Cover with the helmet, ensuring it fits snugly to the natural contour.
- Secure the cover using the Velcro attachments provided. Ensure all areas are firmly attached.

2. Usage:

- Adjust the cover as necessary to ensure comfort and fit.
- Attach any additional accessories (e.g., strobes, battery packs) using the Velcro system.
- Regularly check the attachment points for wear or detachment during use.

Disposal Instructions

- Dispose of the RAID Cover in accordance with local regulations for textile waste.
- If the product is damaged beyond repair, consider recycling the materials if possible.
- Do not burn the cover, as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please contact the manufacturer or your local retailer.

By following these guidelines, you can ensure the safe and effective use of your RAID Cover – FLUX. Thank you for your attention to safety!
