

LID SNAKE - SPIRITUS SYSTEMS LID SNAKE ANVIS - MULTICAM ARID

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Lid Snake ANVIS The Spiritus Systems Lid Snake was designed for anybody using night vision devices that require a battery pack and safe, quick, donning and doffing. The wires connecting your battery pack are delicate and can easily become damaged or disconnected from your helmet. There are two traditional approaches to mitigate this problem. 1) Run tape along the entire length of your cable to secure it to your helmet. The problem with this is that you cannot easily remove your battery pack from your helmet for airborne operations or maintenance. 2) Run the cable underneath your helmet between your pads. This option allows your battery pack to be removed quickly but creates a dangerous scenario where the cable cannot disconnect in the event that your battery pack or nodes become tangled with another object. The Lid Snake eliminates these problems while also providing abrasion protection for your battery pack cable. This two-piece, flexible set accommodates unique helmet configurations, and are sized to be used as a single piece for flight helmets. For use with ANVIS battery packs or other battery packs with straight connectors. 90 Degree connectors will not fit! Note: This product may be shown with optional accessories. Made in the USA

Safety Instruction Guide for LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS MULTICAM ARID

Introduction

Thank you for choosing the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS MULTICAM ARID. This product is designed to enhance the safety and functionality of your night vision devices. It is important to follow the safety guidelines and instructions outlined in this guide to ensure optimal performance and safety during use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product if it appears to be damaged or malfunctioning.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Battery Pack Handling:**
 - Ensure that the battery pack is securely connected to the Lid Snake to prevent disconnection during use.
 - Avoid pulling or tugging on the cables to prevent damage.
- **Cable Management:**
 - Use the Lid Snake to secure cables and prevent them from becoming tangled with other objects.
 - Do not run cables in a manner that could create a tripping hazard.
- **Helmet Compatibility:**
 - Ensure that the Lid Snake is compatible with your helmet type before installation.
 - Do not use the Lid Snake with 90degree connectors, as they will not fit properly.
- **Operational Awareness:**
 - Be aware of your surroundings when using night vision devices to avoid accidents or injuries.

Instructions for Installation and Usage

1. Installation:

- Carefully remove the Lid Snake from its packaging.
- Identify the twopiece configuration and determine how it will fit with your helmet.
- Position the Lid Snake around the helmet and secure it according to the following steps:
 - Place one piece of the Lid Snake along the cable path of the helmet.
 - Ensure that the cable is secured without excessive tension.
 - Attach the second piece, if necessary, to complete the installation.

2. Usage:

- Connect your battery pack to the Lid Snake, ensuring a secure fit.
- Adjust the Lid Snake as needed for comfort and functionality.
- When removing the battery pack, do so gently to avoid damaging the cable or connectors.
- For airborne operations or maintenance, ensure that the Lid Snake is easily removable.

Disposal Instructions

- Dispose of the Lid Snake in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS MULTICAM ARID, please refer to the manufacturer's website or contact their customer support for assistance.

By following these guidelines and instructions, you can ensure the safe and effective use of your LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS MULTICAM ARID. Thank you for prioritizing safety in your operations.
