

# LID SNAKE - SPIRITUS SYSTEMS LID SNAKE ANVIS - RANGER GREEN

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Lid Snake ANVIS The Spiritus Systems Lid Snake was designed for anybody using night vision devices that require a battery pack and safe, quick, donning and doffing. The wires connecting your battery pack are delicate and can easily become damaged or disconnected from your helmet. There are two traditional approaches to mitigate this problem. 1) Run tape along the entire length of your cable to secure it to your helmet. The problem with this is that you cannot easily remove your battery pack from your helmet for airborne operations or maintenance. 2) Run the cable underneath your helmet between your pads. This option allows your battery pack to be removed quickly but creates a dangerous scenario where the cable cannot disconnect in the event that your battery pack or nodes become tangled with another object. The Lid Snake eliminates these problems while also providing abrasion protection for your battery pack cable. This two-piece, flexible set accommodates unique helmet configurations, and are sized to be used as a single piece for flight helmets. For use with ANVIS battery packs or other battery packs with straight connectors. 90 Degree connectors will not fit! Note: This product may be shown with optional accessories. Made in the USA

## Attributes

- Name: [SPIRITUS SYSTEMS LID SNAKE ANVIS - RANGER GREEN](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101692
- Mfr. No.: AC-LS-AN-RG
- Colour: Ranger Green
- Delivery weight: 0.02kg
- Shipping height: 13mm
- Shipping width: 51mm
- Shipping length: 178mm

# Safety Instruction Guide for LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS RANGER GREEN

## Introduction

Thank you for choosing the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS in Ranger Green. This product is designed to enhance your experience with night vision devices by providing a safe and efficient way to manage battery pack connections. Please read this safety instruction guide carefully to ensure safe use and to maximize the product's benefits.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of this product by following all instructions and guidelines provided.
- **Enhanced Recalls:** Stay informed about any recall notices for this product. Follow instructions for returning or remedying any dangerous products.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with safety requirements equivalent to those of physical stores.
- **Vulnerable Groups:** Extra caution should be taken when this product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact points for assistance.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Avoid Damage:** Handle the battery pack and connecting wires with care to avoid damage or disconnection.
- **Secure Connections:** Ensure all connections are secure before use to prevent accidental disconnections.
- **Check for Tangling:** Regularly check that the cable does not become tangled with other objects during use.
- **Use Appropriate Connectors:** Only use battery packs with straight connectors as 90degree connectors are not compatible.
- **Monitor for Wear:** Inspect the cable and connectors regularly for signs of wear or damage.

## Instructions for Installation and Usage

1. **Unpack the Product:** Carefully remove the Lid Snake ANVIS from its packaging.
2. **Inspect the Product:** Check for any visible damage or defects. Do not use if damaged.
3. **Installation:**
  - Position the Lid Snake on your helmet according to your specific configuration.
  - Ensure that the twopiece flexible set is properly aligned and secured.
4. **Connecting the Battery Pack:**
  - Attach the battery pack to the designated connector.
  - Ensure that the connection is secure but can be easily detached when necessary.
5. **Cable Management:**
  - Route the cable to avoid tangling and secure it using the Lid Snake.
  - Ensure that the cable is not pinched or overly stretched during use.
6. **Donning and Doffing:**
  - Practice donning and doffing your helmet with the Lid Snake in place to ensure familiarity.
  - Remove the helmet carefully to avoid damaging the cable or connections.

## Disposal Instructions

- **General Disposal:** Dispose of the product in accordance with local regulations for electronic waste.
- **Battery Disposal:** If the product includes a battery pack, ensure that it is disposed of properly, following local guidelines for battery disposal.

## Contact Information for Further Support

For any questions or concerns regarding the safety or use of the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS, please refer to the appropriate support channels available in your region.

Thank you for prioritizing safety and for choosing the LID SNAKE SPIRITUS SYSTEMS LID SNAKE ANVIS. Enjoy your enhanced night vision experience!
