

FANNY SACK POUCH MK3 - SPIRITUS SYSTEMS FANNY SACK POUCH MK3 - MULTICAM BLACK

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The "Fanny SACK" bridges the gap between our popular Sub Abdominal Carry Kit and every day carry. Wear it for a full mission profile, or stash your carry gun in it while you're out on the long board. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The Fanny SACK can also be worn on the lower back and out of the way but quickly slid around the waist when needed. The pouch features a "half zip" design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. Each side has a webbing loop for attaching equipment such as gloves, carabiners or chem lights. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two internal tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The Fanny SACK is designed to be worn around your waist. Fanny Sack Pouch MK3 Safety Instructions

Introduction

Thank you for choosing the Fanny Sack Pouch MK3 by Spiritus Systems. This product is designed to bridge the gap between everyday carry and mission profiles, providing a versatile solution for carrying essential equipment. Please read the following safety instructions carefully to ensure safe use and maintenance of your Fanny Sack Pouch MK3.

General Safety Guidelines

To ensure your safety and the proper use of the Fanny Sack Pouch MK3, please adhere to the following guidelines:

- Always inspect the pouch before use for any signs of damage or wear.
- Ensure that all zippers and closures are securely fastened before engaging in any activities.
- Avoid overloading the pouch beyond its intended capacity to prevent strain on zippers and seams.
- Keep the pouch out of reach of children and vulnerable individuals to prevent accidental use or injury.
- If you notice any malfunction or damage during use, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

When using the Fanny Sack Pouch MK3, please follow these specific safety precautions:

- Ensure that the pouch is worn securely around your waist to prevent it from slipping or falling during activities.
- Be cautious when accessing items from the pouch, especially in confined spaces, to avoid injury.
- When using the elastic loops for securing equipment, ensure they are properly adjusted to prevent accidental release.
- Use the internal tiedown loops to secure sensitive equipment to minimize movement while in use.
- Avoid exposing the pouch to extreme temperatures or harsh chemicals that may compromise its materials.

Instructions for Installation and Usage

Follow these steps to properly install and use the Fanny Sack Pouch MK3:

1. Wearing the Pouch:

- Position the pouch around your waist and adjust the straps for a snug fit.
- If desired, the pouch can be worn on the lower back and easily slid around to the front when needed.

2. Accessing Equipment:

- Use the "half zip" design to access your equipment easily.
- For small items, utilize the front zippered stash pocket for quick access.

3. Securing Equipment:

- Utilize the two elastic loops at the bottom of the pouch to secure a tourniquet or other necessary equipment.
- Adjust the tension of the elastic loops using the slidelocks for optimal security.

4. Using Velcro Inserts:

- Take advantage of the soft loop Velcro on both sides of the pouch to attach Velcro Inserts as needed for your specific requirements.

5. Drainage:

- In case of submersion, the two grommet holes on the bottom of the pouch will aid in drainage.

Disposal Instructions

When the Fanny Sack Pouch MK3 reaches the end of its life cycle, please dispose of it responsibly:

- Check local regulations for guidelines on disposing of textile products.
- If possible, recycle the pouch according to your local recycling program.
- Do not dispose of the pouch in regular household waste if it contains any hazardous materials.
