

LAZARUS HEADREST KIT - SPIRITUS SYSTEMS LAZARUS HEADREST KIT

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Lazarus Headrest Kit The Lazarus Deployable Headrest System is a simple, yet effective solution for storing easy-to-access to medical equipment in one convenient package. The Lazarus Deployable Headrest System mounts to the any headrest in your vehicle and can be deployed by either the passenger or driver quickly and safely. The pouch deploys from either side, making it a great option for use in police cruisers, where there is often a protective shield that divides the rear compartment from the front of the vehicle. It also makes it easy for any passenger to deploy the kit from either seat. Americans spend a substantial amount of time commuting in their vehicles. Consequently, car accidents are a leading cause of both injury and death in America. We are much more likely to experience a situation requiring medical response than any other emergency scenario we train and equip for, highlighting the need for ready-access medical equipment. Police offices and first responders spend almost all of their working hours patrolling in their squad cars and responding to traumatic events. It only makes sense to keep medical equipment in your vehicle easily accessible and easily identifiable if you are providing immediate care and directing a bystander to retrieve your medical supplies. The pouch fully opens, allowing you to fully access to your contents. It also lays flat, creating an easy work space while retrieving parts from the kit. The pouch is Velcro lined and accepts the entire line of our Pouch Insert Suite for better organization of contents. This kit comes as a two piece system: the Pouch and the Head Rest Chassis. Simply mount the Chassis to your headrest and slide the Lazarus Pouch into the adjustable 1 Inch Strap. To deploy, pull one of the two handles and the pouch will break away from the Chassis, ready for use. Note: This product may be shown with optional accessories. Made in the USA

Lazarus Headrest Kit Safety Instructions

Introduction

Thank you for choosing the Lazarus Headrest Kit by Spiritus Systems. This kit is designed to provide easy access to medical equipment in your vehicle. It is important to read and understand these safety instructions to ensure safe usage and compliance with EU safety regulations.

General Safety Guidelines

- Ensure the Lazarus Headrest Kit is installed properly to avoid accidents during use.
- Regularly check the kit for any signs of wear or damage.
- Keep the kit out of reach of children unless under adult supervision.
- Follow all instructions for installation, usage, and maintenance.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not use the kit if any components are damaged or missing.
- Ensure the pouch is securely attached to the chassis before use.
- Do not overload the pouch beyond its intended capacity.
- If using the kit in a vehicle, ensure that it does not obstruct the driver's view or interfere with vehicle controls.
- Always deploy the pouch safely, ensuring that no one is in the immediate area to prevent injury.

Instructions for Installation and Usage

Installation

1. Mounting the Chassis:

- Locate the headrest in your vehicle.
- Securely attach the Head Rest Chassis to the headrest using the provided mounting hardware.
- Ensure that the chassis is stable and does not move when pulled.

2. Inserting the Pouch:

- Slide the Lazarus Pouch into the adjustable 1 Inch Strap on the chassis.
- Ensure the pouch is fully seated and secure.

Usage

1. Deploying the Pouch:

- To deploy the pouch, pull one of the two handles located on the pouch.
- The pouch will break away from the chassis and be ready for use.
- Ensure that you are in a safe area before deploying the pouch.

2. Accessing Medical Equipment:

- Open the pouch fully to access the contents.
- Lay the pouch flat to create a workspace while retrieving items.

Disposal Instructions

- Dispose of the Lazarus Headrest Kit in accordance with local regulations.
- Do not dispose of the kit in regular household waste if it contains hazardous materials.
- Consider recycling components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the Lazarus Headrest Kit, please refer to the manufacturer's website or customer support resources available in your region.

By following these guidelines, you can ensure the safe and effective use of the Lazarus Headrest Kit. Thank you for your attention to safety.
