

# WONTONS - SPIRITUS SYSTEMS SMALL WONTON - COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

Wontons The WONTON is the first product that Spiritus Systems has developed under their "Vehicle/Mobility" product segment. Mobility and organization is key to successful planning and execution of both Tactical Military Operations as well as Adventuring. The Wontons were developed specifically to organize all of your things. Design The WONTONS are built with a mesh material which keeps them lightweight and allows items to rapidly dry. The bags were not meant to be waterproof, there were built to organize items within larger deployment profiles such as vehicles or kit bags. The diagonal zipper allows the pouch to be opened up while remaining relatively flat and easy to access. A single 3/4" webbing loop is provided so the user can hang the pouch with a carabiner and to assist with zipping and unzipping the pouch. Two Zipper pulls are provided for redundancy, even if one fails, you can always zip it closed with the other. These things will last a lifetime. Use Case WONTONS were designed to organize your life. They can be used to organize vehicle kit or deployment kit bags. Their uses are almost endless. S M A L L - (6" W x 12" L) Small WONTONS work well for stowing smaller items such as batteries, cables or other small sensitive equipment. They fit well in places like the door pockets of vehicles and in day packs or carry on luggage. M E D I U M - (12" W x 12" L) Medium WONTONS work well for securing items like clothing or climbing equipment. Medium WONTONS are the go to for organizing duffle bags and tote boxes with all of your deployable kit. L A R G E - (16" W x 16" L) Large WONTONS handle lofty or oversized items well. Everything from high loft jackets to vehicle recovery equipment fit well inside these pouches. Note: This product may be shown with optional accessories. Made in the USA

# Safety Instruction Guide for WONTONS SPIRITUS SYSTEMS SMALL WONTON COYOTE BROWN

## Introduction

Thank you for choosing the WONTONS SPIRITUS SYSTEMS SMALL WONTON in Coyote Brown. This product is designed to help you organize your gear efficiently while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to organize items within larger deployment profiles such as vehicles or kit bags.
- Always inspect the product before use for any signs of wear or damage.
- Keep the product out of reach of children to prevent potential hazards.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not overload the WONTONS beyond their intended capacity as this may lead to damage or failure.
- Avoid placing sharp or heavy objects inside the pouches to prevent tearing or injury.
- Ensure the zipper is fully closed before handling the pouch to prevent items from falling out.
- When using the webbing loop for hanging, ensure it is securely attached to a stable anchor point.
- If using the product in environments with extreme temperatures, be cautious of potential material degradation.

## Instructions for Installation and Usage

### 1. Unpacking the Product

- Carefully remove the WONTONS from the packaging.
- Inspect for any damage or missing components.

### 2. Organizing Items

- Determine which size of WONTON best suits your needs:
  - **Small (6" W x 12" L):** Ideal for batteries, cables, or small sensitive equipment.
  - **Medium (12" W x 12" L):** Suitable for clothing or climbing equipment.
  - **Large (16" W x 16" L):** Designed for high loft jackets or vehicle recovery equipment.
- Place items inside the pouch, ensuring they are securely packed without exceeding the pouch's capacity.

### 3. Using the Zipper

- To open the pouch, grasp the zipper pull and slide it along the zipper track.
- Ensure the zipper is fully closed after use to secure items inside.

### 4. Hanging the Pouch

- Use the provided webbing loop to hang the pouch with a carabiner if needed.
- Ensure that the carabiner is securely attached to a stable point.

### 5. Maintenance

- Clean the pouches with a damp cloth as needed to remove dirt or debris.
- Allow the pouches to air dry completely before storing them.

## **Disposal Instructions**

- Dispose of the product in accordance with local waste management regulations.
- If the product is damaged or no longer usable, consider recycling the materials if possible.

## **Contact Information for Further Support**

For any safety inquiries or additional information regarding the WONTONS SPIRITUS SYSTEMS SMALL WONTON, please refer to the manufacturer's website or contact their support team directly.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your WONTONS SPIRITUS SYSTEMS SMALL WONTON. Thank you for your attention to safety!
