

SLING RETAINER BANDS - SPIRITUS SYSTEMS SLING RETAINER BANDS

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Sling Retainer Bands The Spiritus Systems Sling Retention Bands are sold in packs of four and manufactured out of UV-resistant EPDM rubber. The bands feature an oversized side wall that maintains the bands elasticity intact after long periods of use. The bands are built to fit securely on most rifle fore-ends with enough expansion room for the SIERRATAC Padded and Non-Padded Slings. The bands are colored matte black and have a low-reflective surface.

Safety Instruction Guide for SLING RETAINER BANDS

Introduction

Thank you for choosing the Spiritus Systems Sling Retainer Bands. These bands are designed to provide secure retention for your slings, ensuring safety and functionality during use. This guide outlines important safety information, usage instructions, and disposal guidelines to ensure your safety and the effective use of the product.

General Safety Guidelines

- **Product Safety:** Ensure that the Sling Retainer Bands are used only for their intended purpose. Do not use them for any other applications that may pose a risk.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, stop using the product immediately and follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety standards.
- **Special Consumer Focus:** These bands are not toys. Keep them out of reach of children to prevent accidental use or injury.
- **EU Contact Point:** For any safety inquiries, refer to your retailer or manufacturer contact information provided at the point of sale.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates regarding product safety.

Specific Safety Precautions for Use

- **Inspection:** Before each use, inspect the bands for any signs of wear, damage, or defects. Do not use if damaged.
- **Proper Usage:** Ensure that the bands are securely fitted to the rifle foreend to avoid slippage or detachment during use.
- **Avoid Overstretching:** Do not overstretch the bands beyond their designed capacity as this may lead to breakage.
- **Environmental Exposure:** Although the bands are UVresistant, prolonged exposure to extreme temperatures or harsh environmental conditions may affect their integrity.
- **Storage:** Store the bands in a cool, dry place away from direct sunlight when not in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your rifle is unloaded and safe to handle before installing the Sling Retainer Bands.

2. Installation:

- Identify the foreend of your rifle where the bands will be installed.
- Slide the Sling Retainer Band over the foreend, ensuring it fits snugly.
- If using with SIERRATAC Padded or NonPadded Slings, ensure there is enough room for proper attachment.

3. Usage:

- After installation, check that the band is secure and that the sling is properly attached.
- Use the bands to hold the sling in place during transport or storage, ensuring that they do not interfere with the operation of the rifle.

Disposal Instructions

- **Material Disposal:** The Sling Retainer Bands are made of EPDM rubber. Dispose of them in accordance with local regulations for rubber materials.
- **Environmental Considerations:** Do not dispose of the bands in water bodies or landfills where they may cause environmental harm.
- **Recycling:** Check with local recycling facilities to see if they accept rubber products.

Contact Information for Further Support

For any questions or concerns regarding the Sling Retainer Bands, please consult your retailer or the manufacturer's contact information provided at the time of purchase.

By following these safety instructions, you can ensure a safe and effective experience with your Spiritus Systems Sling Retainer Bands. Thank you for your attention to safety.
