

# **BACKUP FRONT AND REAR SIGHTS FOR HECKLER AND KOCH RIFLE - ERATAC BACKUP OFFSET FRONT/ REAR SIGHT FOR HK TYPE RIFLES PICATINNY**

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

The ERATAC® backup-sight has been developed to offer a rugged and robust sight to withstand roughest conditions while offering at the same time the precision of a competition shooting sight. The combination of steel parts where absolutely essential and high grade aluminum parts wherever sufficient, gave us the possibility to implement a sight with minimalistic design, low weight and minimum height. Thanks to a special surface treatment all parts are corrosion resistant to withstand even maritime conditions. The spring-loaded folding mechanism reliably protects the sight from damage when used under rough condition in the field. A backup-sight must enable the shooter to aim the gun quickly and intuitively especially when acting under stress. Eratac, therefore, designed the ERATAC® backup-sight in a way that the small and large ghost ring is same plane. It is not necessary to change the point of aim when the distance to the target remains unaltered. The height of this sight corresponds to the height of an AR15 standard sight and can be easily combined with products from other manufacturers. The front sight is available in two different versions. Eratac recommend to use the wide post (1.8 mm / 0.07") for military purposes. When using the sight for competition shooting the smaller version with a 1.35 mm / 0.05" wide sight insert is recommended. No tool is necessary to alter the height of the front sight. The ERATAC® backup-sight is suitable for all AR15 front sights having an 8-36 UNF thread. Because of this, a large variety of after market front sights may be used. The ERATAC® backup-sight with its very low height of only 9 mm / 0.35" also facilitates the use of extremely low mounted optics. Heckler and Koch Style: Back-up sight, kit includes front-sight with 1.8 mm / 0.07" wide post and rear-sight.

## **Attributes**

- Name: [ERATAC BACKUP OFFSET FRONT/ REAR SIGHT FOR HK TYPE RIFLES PICATINNY](#)
- Manufacturer: [ERATAC](#)
- Product no.: 430105674
- Mfr. No.: T0540-3355
- Colour: Black
- Model: MR556
- Style: Offset
- Weapon type: Heckler & Koch
- Delivery weight: 0.141kg
- Shipping height: 93mm
- Shipping width: 80mm
- Shipping length: 55mm

# Safety Instruction Guide for ERATAC® Backup Front and Rear Sights for Heckler and Koch Rifle

## Introduction

Thank you for choosing the ERATAC® Backup Front and Rear Sights for Heckler and Koch Rifles. This guide provides essential safety instructions to ensure the proper use and maintenance of your sight. Please read this document carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- **Product Safety:** Always ensure the product is used in accordance with the provided instructions to avoid any risks associated with improper use.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If you receive a recall notice, follow the instructions provided for remedies.
- **Online Shopping:** When purchasing online, ensure the seller complies with safety regulations similar to those in physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact provided by the seller or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates regarding unsafe products.

## Specific Safety Precautions for Use

- **Aim and Fire Safely:** Always ensure that the firearm is pointed in a safe direction when aiming and firing.
- **Check Compatibility:** Ensure the sight is compatible with your specific model of Heckler and Koch rifle before installation.
- **Inspect Before Use:** Regularly check the sight for any signs of damage or wear. Do not use if damaged.
- **Use in Appropriate Conditions:** Avoid using the sight in extreme conditions that may affect its performance, such as heavy rain or extreme temperatures.
- **Avoid Modifications:** Do not alter or modify the sight in any way, as this may compromise its safety and functionality.
- **Follow Local Laws:** Ensure compliance with all local laws and regulations regarding firearm accessories.

## Instructions for Installation and Usage

### • Installation Steps:

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove any existing sights if necessary.
3. Align the ERATAC® backup sight with the mounting rail on your rifle.
4. Secure the sight using the 836 UNF thread, ensuring it is tightly fastened.
5. Adjust the front sight height as needed without the use of tools.

### • Usage Instructions:

- **Aiming:** Use the small and large ghost rings to aim intuitively. No adjustment to point of aim is necessary for consistent distances.
- **Switching Sights:** If switching between the wide post (1.8 mm / 0.07") and the smaller version (1.35 mm / 0.05"), ensure you are using the appropriate sight for the intended purpose (military or competition).

- **Folding Mechanism:** Utilize the springloaded folding mechanism to protect the sight when not in use.

## Disposal Instructions

- **General Disposal:** Dispose of the product in accordance with local regulations for electronic and metal waste.
- **Environmental Considerations:** Do not dispose of the product in regular household waste. Check for designated recycling centers for proper disposal.

## Contact Information for Further Support

For any questions or concerns regarding the ERATAC® Backup Front and Rear Sights, please refer to the contact information provided by the seller or manufacturer. It is important to reach out for support if you have any safety inquiries or require assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your ERATAC® Backup Sights responsibly!
