AK/GALIL 15PERCENT REDUCED ENERGY RECOIL SPRING Safety Instruction Guide

Introduction

Thank you for choosing the AK/GALIL 15PERCENT REDUCED ENERGY RECOIL SPRING by KNS Precision, Inc. This product is designed to enhance the performance of your AKM and Galilpattern firearms by providing better control over energy input. While this product is engineered for safety and reliability, it is essential to follow the safety guidelines outlined in this manual to ensure safe usage.

General Safety Guidelines

- Always handle firearms with care and in accordance with local laws and regulations.
- Ensure that the firearm is unloaded before installing or adjusting any components.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for wear and tear on the recoil spring and replace it if necessary.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any recall updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use this recoil spring only with compatible AKM and Galilpattern firearms.
- Ensure that the firearm is properly maintained and in good working condition before use.
- Do not exceed the manufacturer's specifications for ammunition types and loads.
- Avoid using subsonic ammunition unless you are certain of compatibility.
- If you experience cycling issues, consult a qualified gunsmith or contact customer support for assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools (if any) for installation, although this product is designed for toolless installation.

2. Installation Steps

- Remove the existing recoil spring from your firearm according to the manufacturer's instructions.
- Align the new AK/GALIL 15PERCENT REDUCED ENERGY RECOIL SPRING with the recoil spring guide.
- Insert the recoil spring into place, ensuring it is seated correctly.
- Verify that the spring is securely installed and that all components are functioning properly before proceeding.

3. Usage Tips

- After installation, conduct a function check to ensure that the firearm cycles correctly.
- Start with a few test rounds to confirm proper operation before using the firearm extensively.
- Monitor the performance of the firearm and the recoil spring during use, looking for any signs of malfunction.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations for metal waste.
- Do not dispose of the recoil spring in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions, concerns, or additional support regarding the AK/GALIL 15PERCENT REDUCED ENERGY RECOIL SPRING, please reach out to the manufacturer's customer service or consult a qualified gunsmith. Ensure you have the product information ready when seeking assistance.

By following these safety guidelines and instructions, you can enjoy enhanced performance from your AK/GALIL firearm while ensuring your safety and the safety of others. Thank you for your attention to these important guidelines.
