

HYDRAULIC LIFT FOR BROWNELLS VISE - BROWNELLS GUNSMITH BENCH VISE, HYDRAULIC LIFT, GREEN

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Bench Vises](#)

Position Your Brownells Bench Vise Exactly Where You Need It Technically, this is called the Hydraulic Lift Mount for the Brownells Bench Vise, but we prefer to think of it as the "gunsmith's back saver!" First and foremost, it is a rock-solid mount for our heavy-duty bench vise that bolts securely to the edge of your workbench. The magic happens when you crank the release lever and hydraulic action lets you effortlessly raise the vise almost 8" (200mm) and rotate it 360 degrees. You can position the vise and the firearm or workpiece clamped in it EXACTLY where it's most comfortable for you to reach it. No more hunching over for long periods of time, no need to be a contortionist, and get the work done without your back killing you for the rest of the day. The Hydraulic Lift Mount's butter-smooth mechanism is so well balanced that the heavy 20 lb. (9 kg) vise feels almost weightless. Once you get it into position, turn the lever to lock the mount in place, and it's not going to budge while you work. Same sturdy forged steel construction as the vise itself, with a matching green anti-corrosion finish.

Safety Instruction Guide for Hydraulic Lift for Brownells Vise

Introduction

Thank you for choosing the Hydraulic Lift for the Brownells Bench Vise. This product is designed to enhance your work experience by providing a safe and efficient way to position your vise. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the Hydraulic Lift is installed and used in accordance with the instructions provided in this guide.
- Always inspect the Hydraulic Lift and the bench vise for any signs of damage or wear before use.
- Use the product only for its intended purpose. This Hydraulic Lift is designed specifically for the Brownells Bench Vise.
- Keep the working area clean and free of clutter to prevent accidents.
- Do not exceed the maximum load capacity of the bench vise and Hydraulic Lift.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when working.
- Keep children and pets away from the working area while using the Hydraulic Lift and bench vise.
- If you experience any difficulties or notice any unusual behavior during use, cease operation immediately and consult the manufacturer.

Specific Safety Precautions for Use

- When using the release lever, ensure your hands are clear of the moving parts to avoid pinching or injury.
- Be cautious when raising or lowering the bench vise, as the hydraulic action can cause sudden movements.
- Avoid overtightening the vise on your workpiece, as this may cause damage to both the workpiece and the vise.
- Ensure that the workpiece is securely clamped before starting any work.
- Do not attempt to modify or repair the Hydraulic Lift without consulting a qualified technician.

Instructions for Installation and Usage

Installation

1. **Select a Suitable Location:** Choose a stable workbench with enough space around the Hydraulic Lift for safe operation.
2. **Secure the Hydraulic Lift:**
 - Position the Hydraulic Lift Mount at the edge of the workbench.
 - Use the provided bolts to securely attach the mount to the workbench.
 - Ensure that the mount is level and stable before proceeding.
3. **Attach the Bench Vise:**
 - Follow the manufacturer's instructions to securely attach your Brownells Bench Vise to the Hydraulic Lift Mount.
 - Ensure all connections are tight and secure.

Usage

1. **Adjusting the Vise Height:**
 - To raise the vise, slowly crank the release lever until the desired height is reached.
 - To lower the vise, carefully crank the lever in the opposite direction.

2. Locking the Vise in Place:

- Once the vise is at the desired height, turn the lever to lock the mount in place.
- Ensure that the vise does not move when locked.

3. Positioning the Workpiece:

- Place the workpiece in the vise and ensure it is securely clamped before starting any work.
- Adjust the position of the vise as needed for comfort and accessibility.

Disposal Instructions

When the Hydraulic Lift is no longer in use or has reached the end of its life cycle, dispose of it responsibly. Follow local regulations for the disposal of metal and mechanical components. Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries, product-related questions, or to report unsafe products, please contact the appropriate authorities or the manufacturer directly. Ensure you have the product information ready for reference.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your work with the Hydraulic Lift for the Brownells Bench Vise!
