Experience the fastest resetting trigger on the market when you add the I.T.T.S. aka Improved Tyrant Trigger System for the Glock Gen 5 to your arsenal. This powerful trigger for the full-frame Glock platforms is equipped with high-performing features, making for an ultra-effective tool with a greater level of efficiency and precision than other standard carry triggers. Aggressive Trigger Resets Launch a rapid-fire session at any time with the Glock Gen 5 trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best-performing Glock triggers that you can find. Optimize every shot you take with the precision, efficiency and durability of the I.T.T.S. Glock Trigger for Gen 5. Flat Faced Trigger Features Get the most out of your Glock Gen 5 trigger with this high-performing hybrid model. The Tyrant Designs CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, their Glock trigger helps ensure a uniform trigger pull with every shot. Curved Trigger Features Reap the benefits of a curved trigger along with a flat faced trigger when you use their Glock trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands. High Durability Enjoy your Glock Gen 5 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use.

Introduction

Thank you for choosing the I.T.T.S. Trigger with Safety Shoe for your Glock Gen5. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before installing or handling the trigger.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and trigger in a secure location away from children and unauthorized users.
- Regularly inspect the trigger and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your Glock Gen5 before using the I.T.T.S. trigger.
- Always wear appropriate eye and ear protection when using firearms.
- Do not attempt to modify the trigger or any other firearm components beyond the manufacturer's specifications.
- If you experience any malfunction or unusual behavior while using the trigger, cease use immediately and consult a qualified gunsmith.
- Be aware of the increased sensitivity and responsiveness of the I.T.T.S. trigger, which may affect your shooting technique.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure that the Glock Gen5 is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver compatible with the trigger screws.

2. Remove the Existing Trigger:

- Follow the manufacturer's instructions to safely disassemble the firearm and remove the existing trigger.

3. Install the I.T.T.S. Trigger:

- Align the I.T.T.S. trigger with the trigger housing.
- Secure the trigger in place using the provided screws. Ensure they are tightened adequately but do not overtighten to avoid damaging the trigger or housing.

4. Reassemble the Firearm:

- Follow the manufacturer's instructions to reassemble your Glock Gen5.

5. **Function Check:**

- After installation, perform a function check to ensure proper operation of the trigger and firearm.

Usage

- Practice safe shooting habits at all times.
- Familiarize yourself with the trigger's responsive nature and practice at a shooting range to adapt to its performance.
- Regularly clean and maintain the trigger and firearm to ensure optimal performance.

Disposal Instructions

- Dispose of the I.T.T.S. trigger in accordance with local regulations for electronic and firearm components.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

- For inquiries regarding safety, installation, or maintenance, please consult the manufacturer or a qualified gunsmith.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safer and more enjoyable experience with your I.T.T.S. Trigger for Glock Gen5.
