

RIDER EYEWEAR SUNGLASSES - RIDER EYEWEAR BLACK FRAMEW/DARK GRAY LENS

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Shooting Glasses](#)

The Rider is a classic lifestyle design loaded with high-performance features. Because the Rider provides maximum comfort and protection, the glasses can be worn all day without sacrificing performance. The glasses feature lightweight frames – constructed of ballistic-tested TR90NZZ for strength and durability – which include coated, stainless-steel pins for dependable, reliable hinge functionality, as well as anti-slip rubber nose pads for improved comfort. The oleophobic lenses, which are tested to MIL PRF 32432 ballistic standards, offer chemical protection from oil, sweat, sunscreen, and other substances. The inside surface of the lenses also features an anti-reflective coating to cut glare, and lenses come in both polarized and non-polarized options. The frames and lenses are both available in a variety of colors. Frames constructed of TR90NZZ - combine lightweight construction and ballistic protection Ballistic tested to MIL PRF 32432 Ballistic Standards Oleophobic lenses repel water and protect against oil, sweat, sunscreen, and other chemicals Anti-reflective coating on inside of lenses minimizes reflections Coated, stainless-steel pins provide simple, dependable hinge functionality Anti-slip rubber nose pads for increased retention and comfort Polarized and non-polarized lens options Variety of frame and lens color options Lens Colors: Clear Pure protection with 100% light transmission Best for low light / no light operations Well suited for indoor use Usage: Cycling, mountain biking, driving, skiing, shooting, indoor, low light and night use Dark Gray General purpose 12% Light Transmission Reduces glare, especially off water Usage: Military, mountain biking, driving, boating, fishing, golf, cycling, skiing Gray with Red Mirror Provides true color perception and enhanced contrast General purpose 15% Light Transmission Usage: Mountain biking, skiing, boating, fishing, and other water activities Gray Green General purpose Reduces eye fatigue Provides even color perception 15% Light Transmission Usage: Military, cycling, golf, boating/fishing mountain biking, all outdoor leisure Gray with Silver Mirror General Purpose Reduces glare, eyestrain and fatigue Provides true color perception and natural contrast A good choice for sunny days on land and on water 11.4% Light Transmission Usage: Mountain biking, skiing, boating, fishing, and other water activities

RIDER EYEWEAR SUNGLASSES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Rider Eyewear Sunglasses. These sunglasses are designed to provide maximum comfort and protection while ensuring high performance during various activities. This guide provides essential safety instructions to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the sunglasses are suitable for your intended use and environment.
- Always inspect the sunglasses before each use for any signs of damage or wear.
- Keep sunglasses away from small children to prevent choking hazards.
- Store sunglasses in a protective case when not in use to avoid scratches and damage.
- Follow any specific usage recommendations based on the lens color and intended activities.

Specific Safety Precautions for Use

- **Lens Protection:** The oleophobic lenses repel water and protect against oil, sweat, and other chemicals. Avoid contact with harsh chemicals that may damage the lenses.
- **Glare Reduction:** The antireflective coating on the lenses minimizes reflections. However, do not look directly at bright light sources while wearing the sunglasses.
- **Comfort Features:** The antislip rubber nose pads are designed for increased retention and comfort. Ensure the fit is secure but not overly tight to avoid discomfort.
- **Polarization:** If using polarized lenses, be aware that they may affect the visibility of LCD screens and some electronic displays.
- **Age Restrictions:** These sunglasses are designed for adult use. Ensure that children do not wear them unless specifically designed for their age group.

Instructions for Installation and Usage

1. Fitting the Sunglasses:

- Place the sunglasses gently on your face.
- Adjust the nose pads for a comfortable fit.
- Ensure that the arms of the sunglasses sit comfortably over your ears without pinching.

2. Cleaning the Lenses:

- Use a microfiber cloth to clean the lenses. Avoid using abrasive materials that may scratch the surface.
- For stubborn stains, use a lens cleaner that is safe for coated lenses.

3. Storing the Sunglasses:

- When not in use, store the sunglasses in the provided protective case.
- Keep them in a cool, dry place away from direct sunlight to prevent warping or discoloration.

4. Using the Sunglasses in Various Conditions:

- For low light or indoor use, opt for clear lenses for optimal visibility.

- For outdoor activities, select the appropriate lens color based on the environment and activity (e.g., dark gray for general purpose, gray with red mirror for enhanced contrast).

Disposal Instructions

- Dispose of the sunglasses responsibly at a designated electronic waste recycling facility if they are no longer usable.
- Do not throw the sunglasses in regular trash as they may contain materials that are harmful to the environment.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Rider Eyewear Sunglasses, please refer to the designated EU contact point provided on the product packaging or label.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Rider Eyewear Sunglasses. Always prioritize safety and comfort during use, and do not hesitate to seek assistance if needed. Thank you for choosing Rider Eyewear.
