S&W M&P Certified Spring Safety Instruction Guide

Introduction

Thank you for choosing the S&W M&P Certified Spring ISMI 13 lb. CS S&W M&P Spring. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please take a moment to read this safety instruction guide to ensure proper use and maintenance.

General Safety Guidelines

- Always handle firearms with care and treat them as if they are loaded.
- Ensure you are familiar with the operation of your firearm before using this product.
- Store the spring in a safe and secure place, out of reach of children and unauthorized users.
- Regularly inspect the spring for any signs of wear or damage before installation.
- Follow all local laws and regulations regarding firearm accessories and modifications.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or replacing the spring.
- Use proper tools when installing the spring to avoid injury or damage.
- Avoid using excessive force during installation to prevent spring deformation or breakage.
- Do not modify the spring in any way, as this may compromise its integrity and safety.
- If you experience any unusual behavior from your firearm after installation, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a screwdriver, pliers, and any other tools recommended by the firearm's manufacturer.

2. Removal of Old Spring

- Carefully disassemble the firearm according to the manufacturer's instructions.
- Remove the old spring from the recoil assembly.
- Inspect the recoil assembly for any signs of wear or damage.

3. Installation of New Spring

- Take the new S&W M&P Certified Spring and ensure it is free from any defects.
- Insert the new spring into the recoil assembly, ensuring it is seated properly.
- Reassemble the firearm, following the manufacturer's instructions carefully.

4. Testing

- After reassembly, conduct a function check to ensure the firearm operates correctly.
- If any issues arise, consult a professional gunsmith for assistance.

Disposal Instructions

- Dispose of the spring in accordance with local regulations for metal waste.
- Do not throw the spring in regular trash; instead, consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding the safety, installation, or performance of the S&W M&P Certified Spring, please consult your local firearms dealer or manufacturer. Ensure to keep this guide for future reference.

Thank you for prioritizing safety and responsible use of your firearm accessories.
