Safety Instruction Guide for PARAORDNANCE High Capacity Premium Magazine Springs

Introduction

Thank you for choosing the PARAORDNANCE High Capacity Premium Magazine Springs manufactured by ISMI. This guide provides essential safety instructions and guidelines to ensure safe usage of the product. Please read this document carefully to understand the proper handling, installation, and maintenance of the magazine springs.

General Safety Guidelines

- Always ensure that the magazine springs are compatible with your specific firearm model before use.
- Inspect the magazine springs for any signs of damage or wear before installation.
- Do not use the magazine springs if they show any signs of cracking or failure.
- Keep the magazine springs out of reach of children and unauthorized individuals.
- Follow all local laws and regulations regarding the use and storage of firearm accessories.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing magazine springs.
- Use protective eyewear when handling magazine springs to prevent injury from accidental release.
- When trimming the springs to fit shorter magazines, ensure that you do not cut beyond the recommended length to avoid compromising the spring's functionality.
- Avoid using excessive force when installing the magazine springs, as this may lead to damage or malfunction.
- Regularly check the magazine springs for proper tension and functionality during routine maintenance.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools for installation, including a pair of wire cutters for trimming.
- Ensure that your workspace is clean and free from obstructions.

2. Installation Steps

- **Unload the Firearm:** Ensure that your firearm is completely unloaded and pointed in a safe direction.
- **Remove the Old Spring:** If applicable, carefully remove the old magazine spring from the magazine tube.
- **Trim the New Spring:** If using a shorter magazine, trim the new magazine spring to the appropriate length. Do not exceed the recommended length.
- **Insert the New Spring:** Place the new magazine spring into the magazine tube, ensuring it is seated properly.
- **Reassemble the Magazine:** Once the spring is in place, reassemble the magazine according to the manufacturer's guidelines.

3. Usage

- Load the magazine with ammunition as per the manufacturer's specifications.
- Insert the magazine into the firearm and ensure it is securely locked in place before use.

Disposal Instructions

- Dispose of any damaged or worn magazine springs in accordance with local regulations for hazardous materials.
- Do not dispose of magazine springs in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of PARAORDNANCE High Capacity Premium Magazine Springs, please reach out to the provided EUbased contact point for assistance.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearm are of utmost importance.
