

308 AR ENHANCED EXTRACTOR - J P ENTERPRISES 308AR ENHANCED EXTRACTOR

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractors](#)

This Enhanced 308 Extractor provides a great upgrade over existing over factory 308 AR extractors. JP completely redesigned the extractor, using improved materials and heat treatment processes. This extractor will hold up for thousands of rounds, instead of encountering extraction issues after a few hundred. Fits DPMS pattern 308 bolts. Includes extractor and spring.

Safety Instruction Guide for the 308 AR Enhanced Extractor

Introduction

Thank you for choosing the 308 AR Enhanced Extractor from J P Enterprises. This document provides essential safety instructions and guidelines to ensure the safe and effective use of your new extractor. Please read this guide thoroughly before installation or use.

General Safety Guidelines

- Ensure the extractor is compatible with your firearm before installation.
- Always handle firearms with care and follow standard safety protocols.
- Store the extractor in a safe place, away from children and unauthorized users.
- Regularly inspect the extractor for wear and damage. Replace it if any issues are detected.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the extractor with DPMS pattern 308 bolts.
- Do not modify the extractor or use it in ways not intended by the manufacturer.
- Ensure that the firearm is unloaded before installing or handling the extractor.
- Wear appropriate safety gear, such as eye protection, when handling firearms.
- Keep the work area clean and free of distractions during installation.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, such as a screwdriver.

2. Installation Steps:

- Remove the existing extractor from the bolt according to the manufacturer's instructions.
- Carefully install the new 308 AR Enhanced Extractor onto the bolt, ensuring it is properly seated.
- Replace the extractor spring, ensuring it is positioned correctly.
- Reassemble the bolt according to the manufacturer's guidelines.

3. Usage:

- After installation, conduct a function check to ensure the extractor operates correctly.
- Test the extractor with a few rounds to confirm reliable extraction.
- Regularly maintain the extractor by cleaning and lubricating it as per the manufacturer's recommendations.

Disposal Instructions

- Dispose of any old or damaged extractors in accordance with local regulations.
- Do not dispose of the extractor in regular household waste. Check for local recycling or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries or concerns regarding the 308 AR Enhanced Extractor, please reach out to the designated contact point provided by the manufacturer or retailer.

By following these guidelines, you can ensure the safe and effective use of your 308 AR Enhanced Extractor. Always prioritize safety and stay informed about best practices in firearm maintenance and operation.
