

3-PORT COMPENSATOR 9 MM - J P ENTERPRISES 3-PORT COMPENSATOR 9 MM 1/2-36 STAINLESS STEEL

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Let's face it, comps are easy to make. Perfecting them is the hard part. The JP original Recoil Eliminator will always be the benchmark for compensator performance. Every new comp design they develop strives to measure up while keeping a slimmer profile. Tweaked over multiple iterations, our Competition Compensator lineup comes within striking distance. With ports tuned to match the RE Series as close as possible, these comps shoot flat and hold neutral. For the hungry competitor, that means getting back on target cracking followup shots as fast as possible. This compensator meets and maximizes the potential allowed by the 1" x 3" dimensional rule, making it SOF/Tactical/USPSA Limited legal and optimal. Package includes compensator, crush washer and instruction sheet. Features: Extremely balanced and neutral fire Redirects muzzle gasses to cancel out a large portion of recoil impulse Provides dramatically improved sight recovery for faster follow-up shots Minimized muzzle rise Reduced recoil fatigue Longer design to allow for pin-and-weld installation on shorter barrels SOF/Tactical/USPSA Limited legal American made

Attributes

- Name: [J P ENTERPRISES 3-PORT COMPENSATOR 9 MM 1/2-36 STAINLESS STEEL](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000228
- Mfr. No.: JPTRE3-236S
- Caliber: 9 mm (.355-.356)
- Finish: Silver
- Material: Stainless Steel
- Threads: 1/2-36
- Delivery weight: 0.249kg
- UPC: 812872024189

Safety Instruction Guide for 3PORT COMPENSATOR 9 MM

Introduction

Thank you for choosing the 3PORT COMPENSATOR 9 MM by J P ENTERPRISES. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep out of reach of children and unauthorized users.
- Regularly inspect the compensator for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety glasses and hearing protection, when using firearms equipped with the compensator.
- **Firearm Compatibility:** Ensure that the compensator is compatible with your firearm model before installation.
- **Installation Safety:** If you are unsure about the installation process, seek assistance from a qualified gunsmith.
- **Testing:** After installation, conduct a thorough function test in a safe and controlled environment.
- **Avoid Obstructions:** Ensure that the compensator ports are not obstructed during use, as this may affect performance and safety.
- **Recoil Management:** Be aware that while the compensator is designed to reduce recoil, proper handling and shooting techniques are still necessary.

Instructions for Installation and Usage

1. Installation Instructions:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the firearm.
- Clean the threads of the barrel thoroughly.
- Apply a small amount of thread locking compound to the threads of the compensator.
- Screw the compensator onto the barrel threads, ensuring it is tight but not overtorqued.
- Install the crush washer as per the manufacturer's specifications.
- Ensure the compensator is aligned correctly before securing it fully.

2. Usage Instructions:

- Always check that the compensator is securely attached before each use.
- Use the compensator only with approved ammunition types.
- Monitor your shooting environment for safety, including the presence of bystanders.
- Follow all local laws and regulations regarding the use of compensators.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal waste.
- Ensure that the product is not accessible to children or unauthorized individuals during disposal.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided in the product packaging or visit their official website.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others is our priority.
