

AR-15/ 308 AR CLEANING ROD GUIDE - J P ENTERPRISES AR-15 CLEANING ROD GUIDE RED

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Helps Prevent Crown, Throat & Chamber Damage

Replaces the bolt carrier, seals the upper receiver and provides safe and effective cleaning from the breech instead of the muzzle. Solid aluminum rod guide helps prevent throat and chamber damage plus, the rubber "O" rings keep bore cleaning solvents out of the lower receiver. Bore guides will exhibit small points of unanodized material at the rear end. This is where the parts are attached to the dipping fixture when anodizing and is normal on these parts.

AR15/308 AR Cleaning Rod Guide Safety Instructions

Introduction

Thank you for choosing the AR15/308 AR Cleaning Rod Guide by J P Enterprises. This product is designed to enhance your firearm maintenance experience by providing a safe and effective method for cleaning your weapon. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure you are using the correct cleaning rod guide for your specific firearm model.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod guide for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay updated on any product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the cleaning rod guide only for its intended purpose as specified in the product details.
- Avoid using excessive force when inserting or removing the cleaning rod guide to prevent damage to the firearm.
- Ensure that the firearm is unloaded before attempting to clean it.
- Always wear appropriate safety gear, such as safety glasses, when cleaning firearms.
- Be aware of the cleaning solvents used and ensure they are compatible with your firearm and cleaning rod guide.
- Do not attempt to modify or disassemble the cleaning rod guide.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning solvents and brushes.

2. Installation:

- Replace the bolt carrier with the cleaning rod guide.
- Ensure that the guide is securely in place and seals the upper receiver.

3. Cleaning Process:

- Insert the cleaning rod through the rear of the cleaning rod guide.
- Use appropriate cleaning solvent and brushes as needed.
- Clean from the breech end to prevent damage to the muzzle and throat.

4. PostCleaning:

- Remove the cleaning rod guide after cleaning is complete.
- Replace the bolt carrier securely before handling the firearm.

Disposal Instructions

- Dispose of any used cleaning solvents and materials in accordance with local regulations.
- The cleaning rod guide is made of aluminum and can be recycled. Check local recycling guidelines for proper disposal.
